MESSAGE FROM THE MANAGING DIRECTOR

Dear Shareholders,

FY21 has been an exceptionally challenging year for us in many ways. We faced many macro and micro challenges on account of Covid-19 pandemic and tight liquidity, but I am happy to report that we were able to overcome these challenges to deliver a strong operating and financial performance.

During the year, we delivered a strong topline growth of 14% and surpassed our guidance of a flattish revenue growth. Our full year revenues crossed INR 3,900 crores and our EBITDA crossed INR 440 crores. Our strong operating performance was largely driven by the strong rate of execution across our project sites. Our key project of Purvanchal expressway in UP was almost completed during the year and will be handed over to the authorities soon. Similarly, our other project site in Mumbai and Andhra saw a strong pace of execution.

This year, we also made significant progress on de-leveraging and strengthening our balance sheet. During the end of last calendar, we received a sum of INR 208 crores by way of monetisation of arbitration claim. Similarly, we also received a sum of INR 70 cr from arbitration claims awarded by way of Conciliation with NHAI. Proceeds

from these settlements were used towards repayment of debt repayments and we successfully reduced our long-term debt by 24% to INR 519 crore this year. Despite, such a successful debt reduction, we continued facing liquidity crisis on account of delayed repayments from states governments, as a result company was unable to service its debt liability, in a timely manner, to some banks.

Stepping into FY 2022, we were approached by a strategic investor, bullish on India's Infra story, for an equity infusion in the company. I am happy to report that after much deliberation and discussion, we have signed a definitive agreement with Interups USA and Board has approved a preferential allotment of 75 million equity shares of Rs 2 each, which translates to an infusion of INR 337 crore in the company. Post the allotment, the strategic Investors and promoters will have a combined holding of 59% in the Company, on the expanded capital base. This equity infusion will help company partially pay its long-term debt and bring down the debt to a negligible level. This deal is subject to shareholder and regulatory approval, and we are working towards closing the same at the earliest.

We are maintaining our strong focus on

building as asset light business model and have a pure play EPC book of INR 130 billion as of 31 March'21. This translates into a book to bill of 3.4x – One of the highest in the industry and gives us a strong revenue visibility.

Outlook

We are confident that FY22 will another significant year for the company, as we move towards our strategic goal of becoming a debt free company. We are taking all the steps in that direction and are confident of achieving this status soon. Our business outlook remains positive as we move ahead on executing our pending order book and delivering projects at a faster pace. I would also like to take this opportunity to thank our entire stakeholder for their immense support and patience. We are at the far end of our transition journey and Gayatri 2.0 is well poised to emerge as a leading EPC company in the Country.

Regards

- PROCEDURE FOR REMOTE E-VOTING AND VOTING DURING THE AGM:**
10. Members are requested to attend and participate at the ensuing AGM through VC / OAVM and cast their vote either through remote e-voting facility or through e-voting facility to be provided during AGM.
 11. The facility of e-voting during the AGM will be available to those Members who have not cast their vote by remote e-voting. Members, who cast their vote by remote e-voting, may attend the AGM through VC / OAVM, but will not be entitled to cast their vote once again on the resolutions. If a Member casts votes by both modes i.e. voting at AGM and remote e-voting, voting done through remote e-voting shall prevail and vote at the AGM shall be treated as invalid.
 12. The Register of Directors and Key Managerial Personnel and their Shareholding, maintained under Section 170 of the Act, and the Register of Contracts or Arrangements, in which the directors are interested, maintained under Section 189 of the Act, will be available electronically for inspection by the Members during the AGM. Members seeking to inspect such documents can send an e-mail to to cs@gayatri.co.in.
 13. In case of any query and / or assistance required, relating to attending the AGM through VC / OAVM mode, Members may refer to the Help & Frequently Asked Questions (FAQs) and 'AGM VC / OAVM' user manual available at the download Section of <https://evoting.kfintech.com> or contact Mr. K. Anandan , KFin at the email ID

evoting@kfintech.com or call KFin's toll free No.: 1800 309 4001 for any further clarifications / technical assistance that may be required.

14. In compliance with the provisions of Section 108 of the Act, Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended from time to time, Regulation 44 of the Listing Regulations read with SEBI circular no. SEBI/HO/CFD/CMD/CIR/ P/2020/242 dated 9th December, 2020 relating to 'e-voting Facility Provided by Listed Entities' ("SEBI e-voting Circular"), the Company is pleased to provide to Members facility to exercise their right to vote on resolutions proposed to be considered at the AGM by electronic means through e-voting services arranged by KFin. Members may cast their votes using an electronic voting system from a place other than the venue of the AGM ("remote e-voting").
15. The remote e-voting period commences on Tuesday, September 21, 2021 . (9:00 a.m. IST) and ends on Thursday, September 23, 2021. (5:00 p.m. IST). During this period, Members of the Company holding shares either in physical form or in demat form, as on the cut-off date i.e. Friday, September 17, 2021 may cast their vote by remote e-voting.

The remote e-voting module shall be disabled by KFin for voting thereafter. Once the vote on a resolution is cast by a Member, the Member shall not be allowed to change it subsequently. The voting rights of Members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cutoff date.
16. Any person holding shares in physical form and non-individual shareholders holding shares as

of the cut-off date, may obtain the login ID and password by sending a request at evoting@Kfintech.com. In case they are already registered with KFin for remote e-voting, they can use their existing User ID and password for voting.

17. In terms of SEBI e-voting Circular, e-voting process has been enabled for all 'individual demat account holders', by way of a single login credential, through their demat accounts / websites of Depositories / Depository Participant(s) ("DP").
18. Individual Members having demat account(s) would be able to cast their vote without having to register again with the e-voting service provider ("ESP") i.e. KFin, thereby not only facilitating seamless authentication but also ease and convenience of participating in the e-voting process. Members are advised to update their mobile number and e-mail ID with their DPs to access the e-voting facility.
19. The process and manner for remote e-voting and joining and voting at the AGM are explained below:

Review of Operations:

Beating all odds, your Company, Gayatri Projects has achieved revenue of ₹ 3900.52 crores in FY2021 as against ₹ 3427.33 crores in the previous year on a standalone basis. In spite of being a challenging year, the revenue from operations has been on a record high with an increase in revenue by 14% in when compared to the last year. On the operational front, there has been a dip in EBITDA margin ratio at 11.51 % for the year compared to 12.45% in the previous year, mainly due to lagged indexation of material cost inflation and Covid-19 pandemic led disruptions to labour availability in first quarter of FY 2021, although the construction sector was allowed to resume operations amidst lockdown after April 20, 2020, but it was subjected to certain guidelines, shortage of manpower and logistical issues severely impacted margins. The company believes that margins should improve to normalised levels of 13-15%+ from FY22 onwards once the raw material

prices stabilizes and the same is accounted by way of indexation in subsequent quarters.

Your Company, Gayatri Projects Limited, has posted net profit after tax at ₹ 56.58 crores during FY2021 as compared to net loss of 387.31 crores in the previous FY 2020 due to exceptional loss item of ₹ 445.34 crores in FY 2020. Going forward, the Company expects to improve on margins once price of raw material stabilizes and Covid pandemic disruptions are managed.

COVID –19 Pandemic impact and lockdown restrictions caused temporary stress on the working capital management. As stated above, the company is mainly executing government related works, it is estimated that there will be no defaults in receivables of the company and there will be no cancellation / suspension of works allotted to the company. In view of the above, the COVID–19 pandemic impact on the business operations of the company is temporary in nature and it will not impact the continuity of the business

operations of the company. However, the Company will closely monitor the future developments and economic conditions across the country and assess its impact on the financial statements.

During the year, the Company has bagged new work order in road construction sector worth ₹ 1323 Crores, water distribution works of ₹ 2485 Crores under Jal Jiwan mission in the State of Uttar Pradesh, others works of ₹ 287 crores. The Company mainly focusing to fast track the execution of the existing works on hand. The company is committed to the early realisation of contractual claims to reduce its debt levels.

Gayatri Projects work orders are diversified both geographically and sector wise and 55% of the company's projects come from the roads & highways sector, 22% comes from irrigation projects, 19% from water distribution projects and remain 3% consisting of industrial, mining and other works. In terms of geographical spread of order book, Uttar Pradesh is the key contributor at 38%, followed by Andhra Pradesh-14%, Odilsha-12%, Maharashtra-10%, Telangana-9% and Other States -17%.

There are no material changes and commitments affecting the financial position of your Company which have occurred between the end of the financial year 2021 and the date of this report.

Future Outlook:

In the Union Budget 2021, the government allocated ₹ 60,241 crore for road works and ₹ 57,350 crore for the National Highways. The government plans to construct 8,500-kms road by March 2022. Moreover, an additional 11,000 kms of National Highway corridors will be completed by March 2022. The Government announced an outlay of ₹ 118,101 crore for the Ministry of Road Transport and Highways. Also, the government, under the Bharatmala Pariyojana, has awarded a projects worth ₹ 5.35 lakh crore including construction of 13,000 kms of roads worth ₹ 3.3 lakh crore. The Ministry of Road Transport & Highways announced that it achieved a milestone by constructing 13,298 kms of National Highways, with construction of 37 kms per day in FY21. The Government is giving utmost priority to infrastructure development and has set a target of road construction of worth ₹ 15 lakh crore in the next two years.

The Indian construction industry is expected to register growth of 13% in real terms in 2021 - following a decline of 12.4% in 2020. The outbreak of the Coronavirus

(COVID-19) pandemic and subsequent lockdown restrictions weighed on the industry's output last year. On a positive note, government investment on infrastructure development aided the industry's recovery in the final quarter of the year.

Your Company, Gayatri Projects Ltd is having strong order book, capability to execute large infra projects and machinery to execute the work are in advantageous position for getting new orders in future. Therefore, we strongly believe that the future order book, turnover, profitability position of the company will be much stronger and reliable.

Dividend:

For the financial year 2020-21, the Company has not declared any dividend considering the fact that cash flow position of your Company remained tight in the FY 2020-21. MANAGEMENT DISCUSSION AND FINANCIAL ANALYSIS

INDIAN ECONOMY

The world has endured a year of the unexpected onslaught by the novel COVID-19 virus - SARS-CoV-2 - first identified in Wuhan city of China in December 2019. The virus has posed an unprecedented challenge for policy making, globally and nationally. Most of the countries experienced their subsequent waves within a period of 2-3 months of crossing their first peak. These second waves have been more lethal in terms of number of cases. The second wave of Covid-19 in India was four times worse than the first wave in terms of infections and deaths seen in the country

The World Bank projected India's economy to grow at 8.3 per cent in 2021 and 7.5 per cent in 2022, even as its recovery is being hampered by an unprecedented second wave of the COVID-19. In the opinion of National Council of Applied Economic Research (NCAER), the Indian economy is likely to grow 8.4-10.1% for the current financial year as against a contraction of 7.3% in the last fiscal year.

Through this year, as India bravely fought the global pandemic, it charted its own unique trajectory – showing remarkable resilience, be it fighting the virus or ensuring economic recovery. The Indian economy turned a corner this month and began regaining momentum in June, ultra-high frequency data indicate, though subdued consumer sentiment is expected to limit the pace of recovery in Asia's third largest economy. This comes as states gradually ease curbs on business activity, keeping in mind the decline in the number of fresh Covid cases.

INFRASTRUCTURE SECTOR IN INDIA

Increased impetus to develop infrastructure in the country is attracting both domestic and international players. Private sector is emerging as a key player across various infrastructure segments, ranging from roads and communications to power and airports. In order to boost the construction of buildings in the country, the Government of India has decided to come up with a single window clearance facility to accord speedy approval of construction projects.

In the road's sector, the Government's policy to increase private sector participation has proved to be a boon for the infrastructure industry as many private players are entering the business through the public-private partnership (PPP) model. According to a leading analysis forecast, India is expected to become the third largest construction market globally by 2022.

In the Union Budget 2021, the government allocated Rs. 60,241 crore for road works and Rs. 57,350 crore for the National Highways. The government plans to construct 8,500-kms road by March 2022. Moreover, an additional 11,000 kms of National Highway corridors will be completed by March 2022. The government announced an outlay of Rs. 118,101 crore for the Ministry of Road Transport and Highways. Also, the government, under the Bharatmala Pariyojana, has awarded a project worth Rs. 5.35 lakh crore including construction of >13,000 kms of roads worth Rs. 3.3 lakh crore. The Ministry of Road Transport & Highways announced that it achieved a milestone by constructing 13,298 kms of National Highways, with construction of 37 kms per day in FY21. In May 2021, Minister for Road Transport & Highways and Micro, Small and Medium Enterprises stated that the government is giving utmost priority to infrastructure development and has set a target of road construction of worth Rs. 15 lakh crore (US\$ 206 billion) in the next two years.

According to the Department for Promotion of Industry and Internal Trade (DPIIT), FDIs in the construction development sector (townships, housing, built up infrastructure and construction development projects) and construction (infrastructure) activities stood at US\$ 26.08 billion and US\$ 24.72 billion, respectively, between April 2000 and March 2021. In FY21, infrastructure activities accounted for 13% share of the total FDI inflows of US\$ 81.72 billion.

The Indian construction industry is expected to register growth of 13% in real terms in 2021 - following a decline of 12.4% in 2020. The outbreak of the Coronavirus (COVID-19) pandemic and subsequent lockdown restrictions weighed on the industry's output last year. On a positive note, government investment on infrastructure development aided the industry's

recovery in the final quarter of the year.

GAYATRI PROJECTS

Gayatri Projects Ltd (GPL), founded in 1963, is one of the oldest & most experienced pure-play EPC companies within the Indian Infrastructure space. It has over five decades of experience in execution of major civil works and is diversified across geographies & infrastructure segments. The company has pan India operations spread across 12 states & operates within several infrastructure verticals like roads, irrigation works, water distribution works, mining works & industrial construction projects.

Gayatri Projects works largely with State Government entities, NHAI, MORTH and other companies & mostly executing the EPC projects. Gayatri Projects has successfully completed Construction / Maintenance/ Widening of more than 2,000 Kms of highways, 1,250 Kms of Irrigation projects along with several other projects of dams & reservoir and industrial buildings etc. GPL has developed the requisite experience and expertise to execute and deliver a diverse range of infra projects in different regions and difficult terrains across various states in India over the past five decades. Our execution capabilities under EPC and BOT models include roads, tollways, bridges, highways, dams, reservoirs, ports, civil work for industrial establishments, power transmission lines, airport runways, mining, water distribution works, railway lines, hotels and multiplexes. GPL owns a fleet of construction equipment's comprising of heavy earth moving machines such as hydraulic excavators, loaders, dozers, earth compacter etc. GPL has qualified and experienced skilled manpower including Engineers and Engineering Diploma Holders, Masters in Business Management, Chartered Accountants and Company Secretaries etc.

GPL is having comfortable order book of Rs 13,090 crores as at 31st March 2021 and order book mainly consisting of road works of Rs 7243 crores, irrigation works of Rs 2897, water distribution works of Rs 2499 and other works of Rs 450 crores. GPL is committed to strengthen the order book by tendering new orders in FY2021-22 and further on.

OPERATIONAL & FINANCIAL REVIEW

Gayatri Projects has achieved revenue of Rs 3900.52 crores in FY2021 as against Rs 3427.33 crores in the previous year on a standalone basis. In spite of being a challenging year, the revenue from operations has been on a records high with an increase in revenue by 14% in when compared to the last year. On the

operational front, there has been a dip in EBITDA margin ratio at 11.51 % for the year compared to 12.45% in the previous year, mainly due to lagged indexation of material cost inflation and Covid-19 pandemic led disruptions to labour availability in first quarter of FY 2021, although the construction sector was allowed to resume operations amidst lockdown after April 20, 2020, but it was subjected to certain guidelines, shortage of manpower and logistical issues severely impacted margins. The company believes that margins should improve to normalised levels of 13-15%+ from FY22 onwards once the raw material prices stabilizes and the same is accounted by way of indexation in subsequent quarters.

Your Company, Gayatri Projects Limited, has posted net profit after tax at Rs 56.58 crores during FY2021 as compared to net loss of 387.31 crores in the previous FY 2020 due to exceptional loss item of Rs 445.34 crores in FY 2020. Going forward, the Company expects to improve on margins once price of raw material stabilizes and Covid pandemic disruptions are managed.

COVID –19 Pandemic impact and lockdown restrictions caused temporary stress on the working capital management. The company is mainly executing government related works, therefore there will be any defaults in receivables of the company and there will be not be cancellation / suspension of works allotted to the company on account of Covid pandemic. The COVID–19 pandemic impact on the business operations of the company is temporary in nature and it will not impact the continuity of the business operations of the company. However, the Company will closely monitor the future developments and economic conditions across the country and assess its impact on the financial statements.

During the year, the Company has bagged new work order in road construction sector worth Rs. 1323 Crores, water distribution works of Rs 2485 Crores under Jal Jiwan mission in the State of Uttar Pradesh, others works of Rs 287 crores. The Company mainly focusing to fast track the execution of the existing works on hand. The company is committed to the early realisation of contractual claims to reduce its debt levels.

Gayatri Projects work orders are diversified both geographically and sector wise and 55% of the company's projects come from the roads & highways sector, 22% comes from irrigation projects, 19% from water distribution projects and remain 3% consisting of industrial, mining and other works. In

terms of geographical spread of order book, Uttar Pradesh is the key contributor at 38%, followed by Andhra Pradesh-14%, Odisha-12%, Maharashtra-10%, Telangana-9% and Other States -17%.

FUTURE PLANS

The company has drawn three broad priorities for the current year as explained below:

- a. Gayatri Projects is focusing on the execution and completion of the current order book of Rs 13,089 crores to improve the cash flows and to maintain repayment track record.
- b. Gayatri is aiming to reduce the debt and de-leverage the balance sheet and minimise the finance cost. In order to achieve this company is exploring the opportunities to raise equity through QIP or Preferential route.
- c. Gayatri Projects is expediting the monetisation and realisation process of its claims & arbitrations outstanding. The company along with its subsidiaries, has been awarded claims & arbitrations worth Rs 381 Crores by different arbitrators/courts. Additionally, Gayatri Projects, with its subsidiaries has claims under process amounting to Rs 505 Crores in different arbitral tribunals/courts. The current year will see the company finalizing resolutions for these claims and use the proceeds to de-leveraging of its balance sheet and to improve working capital margin.
- d. Gayatri Projects accelerated the business development plans and aiming to get new orders of Rs 5000 crores in the current year to strengthen the current order book and to generate required cash flows for the operations.

KEY FINANCIAL RATIOS:

Despite the Covid-19 pandemic, the company achieved turnover of Rs 3900.52 crores in FY2021 as against Rs 3427.33 crores in the previous year on a standalone basis, registered YOY growth of 14%. The Company has registered EBITA margins at 11.70% in FY2021 as against 12.60% in FY 2020. The Company has posted net profit after tax at Rs 56.58 crores during FY2021 as compared to net loss of 387.31 crores in the previous FY 2020 due to exceptional loss item of Rs 445.34 crores in FY 2020. The Debt Equity ratio is at 1.93 times and Return on net worth is at 5.66% in FY 2021.

RISKS & CONCERNS

a) Construction and Completion Risk

Cost of Construction - Clearly, the cost of completion will be fundamental to the financial viability of the project as the financial assumptions and ratios are all dependent on the assumed cost of construction of the project. The need some mechanism to manage the risk if the project company's cost of completion increases as compared with that anticipated at financial close. Further, the company will also need to lock in certain critical costs such as costs of commodities, as early as possible in the project, so as to limit price escalation.

Delay - Completion represents the end of the construction phase of the project. The construction contractor will be liable for liquidated damages for late completion, therefore the delays in completion of projects will have a large impact on the construction contractor's risk.

Performance - The Company need to ensure that completion requires the works to be in a condition sufficient to merit release of the construction contractor from delay liquidated damages liability. The works will therefore be subject to certain technical tests and demonstration of performance capacity before completion is achieved. The company need to ensure quality work as per standards specified by the client with in the given time lines.

Mitigation: GPL has developed the requisite experience and expertise to execute and deliver a diverse range of infra projects in different regions and difficult terrains across various states in India over the past five decades. Our execution capabilities under EPC and BOT models include roads, toll ways, bridges, highways, dams, reservoirs, ports, civil work for industrial establishments, power transmission lines, airport runways, railway lines, hotels and multiplexes. GPL owns a fleet of construction equipments comprising of heavy earth moving machines such as hydraulic excavators, loaders, dozers, earth compacters, concreting plants such as batching plants, concrete mixers, transit mixers, concrete pavers, road equipment such as vibratory tandem rollers, electric paver finishers, mechanical paver finishers, hot mix plants, static rollers etc. Gayatri has a qualified and experienced skilled manpower including Engineers and Engineering Diploma Holders. In addition, we have casual and temporary contract labour in the project sites.

Operating Risks

As noted under Certainty of Revenue Stream, the financial model and assumptions to viability of the project are dependent on the projected costs of operations. If there is something in the cost of the operation that increases, the company need to be protected to the extent that it will impact the revenue stream. The cost can be locked in, to some extent, through hedging and futures contract and through input agreements.

The operating Risks includes the following specific risks:

Raw Material Risks: Timely availability of key raw materials for construction purposes is very important for proper execution of projects. Volatility in the prices or supply of these raw materials can impact project financing and cash flows.

Labour Risks: Labourers at every project location form the most valuable asset for any construction company. Any extraordinary attrition can lead to loss in operations.

Capital Risks: Due to the capital-intensive nature of the infrastructure industry, access to capital for project completion is key. With the recent NBFC crisis, liquidity in the system has dried up to a very large extent, thus proving detrimental to project completion.

Political and Regulatory Risks: As the market for infrastructure development has expanded into developing countries, concerns about political risk have grown. Key risks that arise are the decision by a government to cancel a project or to change the terms of the contract or not to fulfil its obligations, political or regulatory risk in failing to implement the tariff increases agreed upon in the contract etc.

Force Majeure and Change of Law Risks: It is important to note that the financing agreements will not include force majeure or change in law provisions. The obligation to complete the project will continue in the event of force majeure or change in law.

Mitigation: Gayatri has setup a base of operation capitalizing on our local experience, established contracts with local clients and suppliers and also familiarity with local working conditions. In pursuing our strategies, we seek to identify markets where we believe we can provide cost and operational advantages to our clients. In order to expand our operation we also identify and associate with Joint Venture partners whose resources, capabilities and strategies are complementary to and are likely to

increase our business operations. Gayatri is focusing on the EPC contracts business with an order book of Rs 13,040 crores mainly consisting of EPC business only. Our major clients are NHAI and MORTH. We also execute some EPC works from State Governments, PSU and Private Companies. We have diversified into Mining, Railways and Transmission & Distribution works. Most of contracts with clients are having escalation clause to cover the cost overrun of major raw material and labour to mitigate the cost escalation risks. Further the Force Majeure is also included in our major contracts with the clients to mitigate the changes in the laws and unforeseen natural calamities such as Covid pandemic. The Company has maintained long-standing relationships with its suppliers to ensure cost reduction. It ties up with several local contractors in its area of operation to ensure smooth availability of material on long term basis.

HUMAN RESOURCES

The company's processes and systems are designed to empower employees and enable innovation within the workplace. Gayatri Projects is committed to providing an environment that encourages employees to perform to full potential and allows them to grow professionally as well as personally. The company continuously invests in the development of its human resources through measures aimed at talent acquisition, development, motivation and retention. As a supportive gesture, the company has also taken personal accident insurance for all its employees.

INTERNAL CONTROL AND RISK MANAGEMENT SYSTEMS

The company has a well-defined and elaborate Risk Management procedure, which is based on three pillars: Business Risk Assessment, Operational Controls Assessment and Policy Compliance processes. The Risk Management Committee monitors the key risks in the various business segments and evaluates strategies to mitigate these. It also reviews each tender carefully for any potential risks before the bidding process begins. The Company's internal control systems are commensurate with the nature of its business. They are tested periodically and certified by Statutory as well as Internal Auditors. The Audit Committee reviews the adequacy and effectiveness of our internal control environment and monitors the implementation of audit recommendations. The company has a qualified and independent audit committee, where majority of directors are independent.

ANNEXURE - 2

DIVIDEND DISTRIBUTION POLICY

This Policy will regulate the process of dividend declaration and its pay-out by **Gayatri Projects Limited** (“the Company”) in accordance with the provisions of Companies Act, 2013 read with the applicable Rules framed there under, as may be in force for the time being (“Companies Act”) and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the amendments made thereto [“SEBI (LODR)”] and / or other applicable Legislations, Rules and Regulations as may be in force at the relevant time.

Objective

The objective of this policy is to ensure a regular dividend income for the shareholders and long term capital appreciation for all stakeholders of the Company. The Company would ensure to strike the right balance between the quantum of dividend paid and amount of profits retained in the business for various purposes. The Board of Directors will refer to the policy while declaring/recommending dividends on behalf of the Company. Through this policy, the Company would endeavor to maintain a consistent approach to dividend pay-out plans. The Company shall put in necessary efforts to ensure that apart from Dividend the other benefits such as Scrip Dividend (Bonus Issue) Buy Back of Shares, Stock Split etc., are extended to the shareholders subject to compliance of the applicable regulations both stipulated under the Companies Act, 2013, SEBI Regulations and other applicable enactments / regulations. The Company believes that it operates in an Industry/ Environment where Working Capital requirements are high.

Category of Dividends

The Companies Act provides for two forms of Dividend- Final & Interim. The Board of Directors shall have the power to recommend final dividend to the shareholders for their approval in the general meeting of the Company. The Board of Directors shall have the absolute power to declare interim dividend during the financial year, as and when they consider it fit. The Board may, at its sole discretion, declare / recommend a Special Dividend under certain circumstances such as

extraordinary profits from sale of any major asset(s) or any special occasion or significant event.

Factors to be considered while recommending / declaring Dividend

The decision regarding dividend pay-out is a crucial decision as it determines the amount of profit to be distributed among the shareholders and amount of profit to be retained in business. The Board of Directors will endeavour to take a decision with an objective to enhance shareholders wealth and market value of the shares. The Dividend pay-out decision of any company depends upon certain internal and external factors.

Internal Factors:-

The Board will take into account various internal factors while recommending / declaring Dividend, which inter alia will include

- i) Profits earned during the year;
- ii) Present & future Capital requirements of the existing businesses;
- iii) Expansion/ Modernization of existing businesses;
- iv) Additional investments in subsidiaries/associates of the Company;
- v) Fresh investments into external businesses;
- vi) Business Acquisitions (if any);
- vii) Any other factor as deemed fit by the Board.

External Factors:-

Apart from the various internal factors aforementioned the Board will take into account the various external factors while recommending / declaring dividend which inter alia include the following-

- State of Economy- in case of uncertain or recessionary economic and business conditions, Board will endeavour to retain larger part of profits to build up reserves to absorb future shocks.
- Capital Markets- when the markets are favourable, dividend pay-out can be liberal. However, in case of unfavourable market conditions, Board may

resort to a conservative dividend pay-out in order to conserve cash outflows.

- Statutory Restrictions- the Board will keep in mind the restrictions imposed under the applicable legislations and the covenants stipulated by Lenders, if any with regard to recommendation and /or declaration of dividend.

Dividend Range

The Company stands committed to deliver sustainable value to all its stakeholders. The Company will strive to distribute an optimal and appropriate level of the profits earned by it in its business and investing activity, with the shareholders, in the form of dividend. As explained in the earlier part of this Policy, determining the dividend pay-out is dependent upon several factors, both internal to a business and external to it. Taking into consideration the aforementioned factors,

the Board will endeavor to maintain a Dividend pay-out in the range of 15% to 30% of the profits after tax (PAT) on standalone financials. As mentioned above, for computing the PAT for purposes of determining the Dividend, the Board may at its discretion, subject to the provisions of the law, exclude any or all of (i) extraordinary charges (ii) exceptional charges (iii) one off charges on account of change in applicable law or rules or accounting policies or accounting standards (iv) provisions or write offs on account of impairment in investments (long term or short term) (v) non-cash charges pertaining to amortization or ESOP or resulting from change in accounting policies or accounting standards. Further, the Board may amend the pay-out range, whenever considered appropriate by it, keeping in mind the various factors having a bearing on the dividend payout decision.

Secretarial Audit Report

For The Financial Year Ended 31st March, 2021

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members

M/s. GAYATRI PROJECTS LIMITED
Hyderabad, Telangana State.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s. GAYATRI PROJECTS LIMITED** (CIN: L99999TG1989PLC057289) (hereinafter called the "Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period ended on **31st March, 2021** ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **M/s. GAYATRI PROJECTS LIMITED** for the period ended on **31st March, 2021** according to the provisions of:

- i. The Companies Act, 2013 (**the Act**) and the Rules made there under;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made there under;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- iv. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') to the extent applicable to the Company:-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992 and The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations 2015 (Applicable w.e.f 15th May, 2015);
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee stock Purchase Scheme) Guidelines, 1999 and The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 notified on 28th October, 2014 (**Not Applicable during the audit period**);
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (**Not Applicable during the audit period**);
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with Client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations 2009 (**Not Applicable during the audit period**) and;

- h. The Securities and Exchange Board of India (Buyback of Securities) Regulations 2018 **(Not Applicable during the audit period);**

I have also examined compliance with the applicable clauses of the following:

- i) Secretarial Standards issued by The Institute of Company Secretaries of India as notified from time to time.
- ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, Listing Agreements etc mentioned above.

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. There were no changes in the composition of the Board of Directors during the year under review except, Sri. P. Sreenivas, Nominee of Bank of Baroda, who was appointed w.e.f July 01, 2020, has resigned from the board w.e.f November 01, 2020, pursuant to withdrawal of Nomination by Bank of Baroda.

Adequate notice was given to all Directors at least seven days in advance to schedule the Board Meetings. Agenda and detailed notes on agenda was sent in advance except when board meetings were called by giving less than seven days notice in accordance with the provisions of section 173 of the act and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out and are recorded in the minutes of the meeting of the Board of Directors or Committee of the Board as the case may be and majority decision is carried through while the dissenting members' views, if any, are captured and recorded as part of the minutes.

I further report that as far as possible, there are adequate systems and processes in the company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

CORPORATE GOVERNANCE REPORT

(As required by Regulation 34 read with schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015)

A. MANDATORY REQUIREMENTS

I. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Fruitful Corporate Governance practices build an organisation that thrives for generations. Company's philosophy on corporate governance encompasses not only regulatory and legal requirements, such as the terms of listing agreements with stock exchanges, but also several voluntary practices aimed at a high level of business ethics, best business practices, building effective business strategies and supervision and enhancement of value for all ever increasing and more involved stakeholders. Since its incorporation, Gayatri Projects Limited is committed to doing business in a manner which is beneficial for all stakeholders yet ethical. Corporate governance at Gayatri Projects is now a well informed and responsible practice. Organisation wide, all the leaders and stakeholders have inculcated a feeling of effective practice of corporate governance which has gone beyond compliance and involves a company-wide commitment. This perspective has become an integral part of our way of doing business which commits fairness, transparency and integrity of the management. Good corporate governance provides an appropriate framework for the Board, its committees and the executive management to carry out the purposes that are in the best interest of the Company and the Stakeholders.

Company has adopted Code of Conduct which articulates the values, ethics and business principles and serves as a guide to the Company, its directors and employees supplemented with an appropriate mechanism to report any concern pertaining to non-adherence to the said Code. The Company is in full compliance with the requirements of Corporate Governance under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Gayatri Projects responsibility as an organisation towards its ultimate stakeholders is reflected in the Company's code of conduct. The company's core philosophy on the code of corporate governance ensures the following:

- Sustainable yet ethical and transparent business practices.
- Accountability for performance of the organisation.
- Compliance of applicable statute in law as well in spirit
- Transparent and timely dissemination of financial and management information.
- Evaluation performance of board and taking follow up action on decisions. Balanced Board with a mix of high bar in parameters like qualifications, experience and commitment.

The Company is in compliance with the requirements stipulated under Regulations 17 to 27 read with Schedule V and clauses (b) to (i) of Regulation 46(2) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), as applicable, with regard to corporate governance.

GPL Code of Practices and Procedures for Fair Disclosure of Unpublished Price Sensitive Information

In accordance with the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 ('SEBI Insider Trading Regulations'), as amended from time to time, the Board of Directors of the Company has adopted the GPL Code of Practices and Procedures for Fair Disclosure of Unpublished Price Sensitive Information.

Mr. Chetan Kumar Sharma, Company Secretary & Compliance Officer of the Company is the 'Compliance Officer' in terms of this Code.

II. BOARD OF DIRECTORS

j) Share Transfer System :

During the Financial Year 2020-21, the SEBI and MCA have mandated the existing members of the Company who hold securities in physical form and intend to transfer their securities after April 1, 2019, can do so only in dematerialised form. Therefore, Members holding shares in physical form were requested to consider converting their shareholding to dematerialised form. Share transactions in electronic form can be effected in a much simpler and faster manner. After a confirmation of a sale/purchase transaction

from the broker, shareholders should approach the Depository Participant ('DP') with a request to debit or credit the account for the transaction. The DP will immediately arrange to complete the transaction by updating the account. There is no need for a separate communication to the Company to register these share transfers. Shareholders should communicate with Kfin Technologies Private Limited, the Company's Registrars and Transfer Agent ('RTA') quoting their folio number or Depository Participant ID ('DP ID') and Client ID number, for any queries to their securities.

INDEPENDENT AUDITOR'S REPORT

To the Members of **Gayatri Projects Limited**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the Standalone Financial Statements of **Gayatri Projects Limited** ("the Company"), which comprise the Balance Sheet as at 31st March, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021, and the Profit and other comprehensive Income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs), as specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report.

We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other

ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Emphasis of Matters

(Note No's. referred hereunder are with reference to respective Notes forming part of the Standalone Financial Statements)

We draw attention to the following matters:

- i) As stated in Note No.33.17, the Investee Company in which the Company has invested by way of Compulsorily Convertible Cumulative Preference Shares ("CCCPS"), has incurred considerable losses, there has been significant erosion of Networth and further, business operations of the investee company are severely impacted due to COVID – 19 Pandemic. No provision for diminution / impairment for carrying value of the investment is provided for the year ended 31st March, 2021 and the financial statements of the said investee Company have been prepared on going concern basis for the detailed reasons stated in the said note.
- ii) As stated in Note No.33.18, regarding the status and recoverability of the investments, unsecured loan/subordinate debt infused by the company in an associate company which has been incurring operating losses during the past few years, the financial statements of the said associate Company have been prepared on going concern basis for the detailed reasons stated in the said note.
- iii) As stated in Note No.33.19, the Inter Corporate Loan grouped under 'Non-current Loans' and accumulated interest thereon long pending for recovery.
- iv) As stated in Note No.33.20, the recovery of trade receivables is delayed for the detailed reasons stated in the said note, the road project was terminated by the NHAI and the toll rights were handed over to the NHAI. As per the information and explanation give to us, the termination

payment calculated by the NHA is very low as compared to the expected termination payment. Further, as stated in the same note, the company has given an irrevocable and unconditional corporate guarantee to a subsidiary of the associate Company, which has defaulted in repayment of dues to the lenders.

- v) As stated in Note No.33.21, the amount receivable from the erstwhile associate Company is long pending for recovery as the same is based on the receipt of claims by the said erstwhile associate Company.
- vi) As stated in Note No.33.22, the work advances in respect of certain contract works given to a sub-contractor grouped under 'Other Current Assets' which are long pending for recovery.
- vii) As stated in the Note No. 33.23, as per the agreement dated 14th September, 2020, the Company and Gayatri Highways Limited ("GHL") – an Associate Company jointly and severally agreed to repay the loan availed by GHL from

IL&FS Financial Services Limited (IL&FS) and repaid amount of ₹ 34.42 crores since September, 2020. The repayment of remaining loan installments are pending since January, 2021.

- viii) As stated in the Note No.33.24, wherein it is explained the COVID – 19 Pandemic effects and impact on the business operations of the company and however, the actual effect will be known based on the future developments.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements for the year ended 31st March, 2021. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be key audit matters to be communicated in our report.

S.No.	Key Audit Matter	Audit Process
1	<p>Revenue recognition and measurement of contract Assets in respect of unbilled amounts</p> <p>The management of the Company has applied significant judgement in determining the revenue to be recognised in case of performance obligation satisfied over a period of time; revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation.</p> <p>Revenue is recognized on fixed price construction contracts in accordance with the percentage of completion basis, which necessarily involve technical estimates of the percentage of completion, and costs to completion, of each contract / activity, on the basis of which profits and losses are accounted.</p> <p>When the outcome of the contract is ascertained reliably, contract revenue is recognized at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed up to the date, to the total estimated contract costs.</p>	<p>We have obtained the procedure and process involved in estimating the percentage of completion of the projects.</p> <p>We have also obtained and verified the costs incurred on the project/works up to the reporting date for the revenues accounted in respect of works on sampling basis.</p> <p>We have also obtained the certified copies (i.e percentage of completed work approved by the relevant authorities) of works executed till the reporting date in respect of revenues accounted on sampling basis.</p> <p>We have also performed analytical procedures for reasonableness of revenues recognised.</p> <p>We have also verified the reasonableness of the estimation of remaining costs to be incurred to complete the project / work and profit / loss estimated in the project / work.</p> <p>Reviewed the delivery and collection history of customers against whose contracts un-billed revenue is recognised</p> <p>Tested relevant contracts for measurement of work completed during the period for unbilled revenue.</p>

	<p>The stage of completion of contracts is measured by reference to the proportion that contract costs incurred for work performed up to the reporting date bear to the estimated total contract costs for each contract. Further at the reporting date, revenue is accrued for costs incurred against work performed and which are not billed and further measurement of work completed/cost incurred during the period for recognition of unbilled revenue.</p>	
<p>2</p>	<p>Defaults in repayment of loans / borrowings and Debt Resolution Plan:</p> <p>As stated in note no. 17.6 & 20.5, the company has defaulted in repayment of certain loans / borrowings and also defaulted in payment of interest dues.</p> <p>As stated in note no. 33.26, the company has been facing severe liquidity constraints over the last few months due to cash flow mismatches which have resulted in delayed repayments and interest payments to its lenders consortium. Information Other than the Standalone Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and analysis, Boards Report including annexures to Board’s Report, Business Responsibility Report, Corporate Governance and Shareholder’s Information, but does

not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using

the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these

matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by the Companies (Auditor’s Report) Order, 2016 (“the Order”), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the “Annexure A” a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

ANNEXURE - B TO THE AUDITORS' REPORT

(Referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" section of our main audit report)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Gayatri Projects Limited ("the Company") as of 31st March, 2021 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable

assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection

of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us read together with our observations under paragraph Emphasis of Matter of our main report, the Company has, in all material respects, an adequate internal financial controls system over financial reporting with reference to these Standalone Financial Statements and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. CORPORATE INFORMATION

Gayatri Projects Limited (“GPL”, “the Company”) is one of the largest infrastructure company executing works in several high growth sectors within the infrastructure space such as Roads, Irrigation, Rail, Airports Development, Power, Mining and Industrial works.

The Company is a public limited Company, which is listed in two recognized stock exchanges in India. The registered office of the Company is located at B1, 6-3-1090, TSR Towers, Rajbhawan Road, Somajiguda, Hyderabad 500 082.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Compliance with Indian Accounting Standards (Ind AS)

The Company’s Financial statements have been prepared to comply with generally accepted accounting principles in accordance with the Indian Accounting Standards (herein after referred to as “Ind AS”) as notified by the Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act 2013 (“the Act”) read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016.

2.2 Basis of Preparation and Presentation of Financial Statements

The Financial statements are prepared on accrual basis following the historical cost convention except in case of certain financial instruments which are measured at fair values. The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed under Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Indian Accounting Standard (Ind AS) - 7 on “Statement of Cash Flows”. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with other notes required to be disclosed under the notified Ind AS and the Listing Agreement. Further, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory

promulgations viz. SEBI guidelines override the same requiring a different treatment. Accounting Policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the accounting policy used previously.

Fair value for measurement adopted in these financial statements is determined on such a basis, except leasing transactions that are within the scope of Ind AS 116, Net Realizable value as per Ind AS 2 or value in use in Ind AS 36. Fair value measurements under Ind AS are categorized as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are other than quoted prices included with in Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the Asset or Liability.

2.3 Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires the management of the Company to make estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as on the date of the financial statements. Actual results may differ from these estimates. The Company evaluates these estimations and assumptions on a continuous basis based on the historical experience and other factors including expectation of future events believed to be reasonable. Examples of such estimates include the useful lives of tangible and intangible fixed assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, estimation of costs as a proportion to the total costs, etc.,. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances. Difference, if

any, between the actual results and estimates is recognized in the period in which the results are known/ materialized. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material, are disclosed in the Notes to Account.

2.4 Revenue Recognition

The Company recognises revenue from contracts with customers when it satisfies a performance obligation by transferring promised good or service to a customer. The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Performance obligation is satisfied over time when the transfer of control of asset (good or service) to a customer is done over time and in other cases, performance obligation is satisfied at a point in time. For performance obligation satisfied over time, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

Revenue is measured at the amount of consideration which the company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when the it becomes unconditional.

The management of the company has applied significant judgement in determining the revenue to be recognised in case of performance obligation satisfied over a period of time; revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation and determining the expected losses, which are recognised in the period in which such losses become probable based on the expected total contract cost as at the reporting date.

The specific revenue recognition policy adopted

is as follows:

A. Revenue from Operations

a. Revenue from Construction activity:

- i) Income is recognized on fixed price construction contracts in accordance with the percentage of completion basis, which necessarily involve technical estimates of the percentage of completion, and costs to completion, of each contract / activity, on the basis of which profits and losses are accounted. When the outcome of the contract is ascertained reliably, contract revenue is recognized at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed up to the date, to the total estimated contract costs.
- ii) The stage of completion of contracts is measured by reference to the proportion that contract costs incurred for work performed up to the reporting date bear to the estimated total contract costs for each contract.
- iii) Price escalation and other variations in the contract work are included in contract revenue only when:
 - a) Negotiations have reached at an advanced stage such that it is probable that customer will accept the claim and
 - b) The amount that is probable will be accepted by the customer and can be measured reliably.
- iv) Incentive payments, as per customer-specified performance standards, are included in contract revenue only when:
 - a) The contract has sufficiently advanced such that it is probable that the specified performance standards will be met; and
 - b) The amount of the incentive payment can be measured

reliably.

- v) Contract Claims raised by the company which can be reliably measured and have reached an advanced stage of arbitration and claims pending in High Courts have been recognized as income including eligible interest thereon.

b. Contract Revenue from supply of materials:

Revenue from supply of materials is recognized when substantial risk and rewards of ownership are transferred to the buyer and invoice for the same is raised.

c. Revenue receipts from Joint Venture Contracts

- i) In work sharing Joint Venture arrangements, revenues, expenses, assets and liabilities are accounted for in the Company's books to the extent work is executed by the Company.
- ii) In Jointly Controlled Entities, the share of profits or losses is accounted as and when dividend/ share of profit or loss are declared by the entities.

d. Other Operational Revenue:

- i) All other revenues are recognized only when collectability of the resulting receivable is reasonably assured and related goods / services are transferred to the customer.
- ii) Revenue is reported net of discounts, if any.

B. Other Income

- i) Interest income is accounted on accrual basis as per applicable interest rates and on time proportion basis taking into account the amount outstanding.
- ii) Dividend income is accounted in the year in which the right to receive the same is established.
- iii) Insurance claims are accounted for on cash basis.

2.5(a) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost of acquisition, less accumulated depreciation thereon. Expenditure which are capital in nature are capitalized at cost, which comprise of purchase price (net of rebates and discounts), import duties, levies, financing costs and all other expenditure directly attributable to bringing the asset to its working condition for its intended use.

Any gain/loss on the disposal of the Property, Plant and Equipment is recognized in the Statement of Profit & Loss account and is determined as the difference between the sales proceeds and the carrying amount of the asset.

(b) Capital work in progress

Property, Plant and Equipment which are purchased but not yet installed and not ready for their intended use on the date of balance sheet are disclosed as "Capital Work-in-Progress". Cost of materials used in the process of erection/ installation of an asset but not yet completed as on the reporting date is also disclosed as "Capital Work-in-Progress".

2.6 Depreciation and amortization

In respect of Property, Plant & Equipment (other than Land and Capital Work in Progress) depreciation / amortization is charged on a straight-line basis over the useful lives as specified in Schedule II to the Companies Act, 2013.

Assets individually costing ₹ 20,000/- or less and temporary structures are fully depreciated in the year of acquisition.

The residual values and useful lives are reviewed at the end of the reporting period.

2.7 Impairment of Non-Financial Assets

As at each Balance Sheet date, the Company assesses whether there is an indication that a non-financial asset may be impaired and also whether there is an indication of reversal of impairment loss recognized in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Company determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- In case of an individual asset, at the higher

of the Assets' fair value less cost to sell and value in use; and

- In case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of cash generating unit's fair value less cost to sell and value in use.
- In assessing Value in Use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specified with the asset. In determining fair value less cost to sell, recent market transactions are taken into account. If no such transaction can be identified, an appropriate valuation model is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the Statement of Profit and Loss, except for properties previously revalued with the revaluation taken to Other Comprehensive Income (OCI). For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through the Statement of Profit and Loss.

2.8 Financial Instruments

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial Assets and Financial Liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets and Financial Liabilities (other than Financial Assets and Financial Liabilities at fair value through profit or loss) are added to or deducted from the fair value of the Financial Assets or Financial Liabilities, as appropriate, on initial recognition.

2.9 Financial Assets

Financial Asset is any Asset that is -

- (a) Cash
- (b) Equity Instrument of another Entity,
- (c) Contractual right to -
 - i. receive Cash / another Financial Asset from another Entity, or
 - ii. exchange Financial Assets or Financial Liabilities with another Entity under conditions that are potentially favourable to the Entity.

Investment in Equity Shares issued by Subsidiary, Associate and Joint Ventures are carried at cost less impairment.

Investment in preference shares are classified as debt instruments and carried at Amortized cost if they are not convertible into equity instruments and are not held to collect contractual cash flows. Other Investment in preference shares which are classified as Debt instruments are mandatorily carried at Fair value through Profit & loss Account (FVTPL).

All investments in equity instruments other than as classified above under Financial Assets are initially carried at fair value. The Company has adopted to measure the fair value of equity instruments through FVTPL Fair value changes on an equity instrument are recognized in the Statement of Profit & Loss.

Investments in equity instruments are classified as at FVTPL, unless the related instruments are not held for trading and the company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income.

A Financial Asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance

based on lifetime ECL at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss.

Financial Liabilities

Financial liabilities are recognized at fair value net of transaction costs and are subsequently held at amortized cost using the effective interest rate method. Financial liabilities carried at fair value through profit and loss are measured at fair value with changes in fair value recognized in the profit and loss account. Interest bearing bank loans are initially measured at fair value and subsequently measured at amortized cost using the effective interest rate method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

De-recognition of Financial Instruments

A Financial Asset is derecognized when the right to receive cash flows from the asset have expired or the company has transferred substantially all the risks and rewards or the right to receive the

cash flows under a contractual arrangement or has transferred the asset.

A Financial Liability is derecognized when the obligation under the liability is discharged or cancelled or expires. In the case where the existing liability is replaced by another liability either from the same lender or otherwise such an exchange is treated as de-recognition of the original liability and recognition of a new liability. Any change in the carrying amount of a liability is recognized in the Statement of Profit and Loss.

2.10 Inventories and Work in Progress

Raw Materials, Construction Materials and Stores & Spares are valued at lower of weighted average cost or net realizable value. Cost includes Direct Material, Work Expenditure, Labour Cost and appropriate overheads excluding refundable duties and taxes.

Cost of materials utilised in the contract work, which is not reached certain level, not quantified, and qualified for billing is considered as work in progress at the end of the reporting period.

2.11 Cash & Cash Equivalents

Cash and Cash Equivalents are short term highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of change in value and have maturities of three months or less.

2.12 Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources to settle the obligation in respect of which reliable estimate can be made as on the balance sheet date.

Contingent Liabilities are present obligations arising from a past event, when it is not probable / probability is remote that an outflow of resources will be required to settle the obligation and they are not recognized but are disclosed in the notes.

Contingent Assets are neither recognized nor disclosed in the financial statements except where it has become virtually certain that an inflow of economic benefit will arise, the asset and the related income are recognized in financial

statements of the period in which the change occurs Provisions for Contingent Liabilities and Contingent Assets are reviewed at the end of Balance Sheet date.

2.13 Foreign Currency Transactions and Translation

The reporting currency of the company is Indian Rupee. Foreign Currency Transactions are translated at the functional currency spot rates prevailing on the date of transactions.

Monetary assets and current liabilities related to foreign currency transactions remaining unsettled are translated at the functional currency spot rates prevailing on the balance sheet date. The difference in translation of monetary assets and liabilities and realized gains and losses on foreign exchange transactions are recognized in the Statement of Profit and Loss.

Non-monetary foreign currency items are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

2.14 Employee Benefits

Payments to Defined Contribution schemes are charged as an expense as they fall due. Company's contribution to provident fund in respect of certain employees is made to a government administrated fund and charged as an expense to the Statement of Profit and Loss.

Liability for employee benefits, both short and long term, for present and past service which are due as per the terms of employment are recorded in accordance with Indian Accounting Standard 19 "Employee Benefits" issued by the Companies (Accounting Standard) Rules, 2015. Remeasurement gains /losses on post-employment defined benefits comprising gains/ losses is reflected immediately in the balance sheet with a charge or credit to other comprehensive income in the period in which it arises.

i) Gratuity

In accordance with the Payment of Gratuity Act, 1972 the Company provides for Gratuity covering eligible employees. The liability on account of Gratuity is provided on the basis of valuation of the liability by an independent actuary as at the year end.

ii) Provident Fund

In accordance with applicable local laws, eligible employees of the Company are entitled to receive benefits under the provident fund, a defined contribution plan to which both the employee and employer contributes monthly at a determined rate (currently up to 12% of an employee's salary). These contributions are either made to the respective Regional Provident Fund Commissioner, or the Central Provident Fund under the State Pension Scheme, and are recognized as expenses incurred.

iii) Compensated Absences

The employees are entitled to accumulate leave subject to certain limits, for future encashment and availment, as per the policy of the Company.

The liability towards such unutilized leave as at the end of each balance sheet date is determined based on independent actuarial valuation and recognized in the Statement of Profit and Loss.

2.15 Deferred Revenue Expenditure

Projects and other related expenditure incurred up to 31st March, 2021, the benefit of which is spread over more than one year is accounted as Project Promotion Expenses grouped under Other Advances and is amortized over the period in which benefits would be derived.

2.16 Leases

Assets taken on lease are accounted as right-of-use assets and the corresponding lease liability is accounted at the lease commencement date. Initially the right-of-use asset is measured at cost which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The lease liability is initially measured at the present value of the lease payments, discounted using the Company's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or a rate, or a change in the estimate of

the guaranteed residual value, or a change in the assessment of purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in the Statement of Profit and Loss if the carrying amount of the right-of-use asset has been reduced to zero.

The right-of-use asset is measured by applying cost model i.e. right-of-use asset at cost less accumulated depreciation and cumulative impairment, if any. The right-of-use asset is depreciated using the straight-line method from the commencement date to the end of the lease term or useful life of the underlying asset whichever is earlier. Carrying amount of lease liability is increased by interest on lease liability and reduced by lease payments made.

Lease payments associated with following leases are recognised as expense on straight-line basis:

- (i) Low value leases; and
- (ii) Leases which are short-term.

2.17 Earnings per Share (EPS)

In arriving at the EPS, the Company's Net Profit After Tax, is divided by the weighted average number of equity shares outstanding. The EPS thus arrived at is known as 'Basic EPS'. To arrive at the diluted EPS, the net profit after tax, referred above, is divided by the weighted average number of equity shares, as computed above and the weighted average number of equity share that could have been issued on conversion of shares having potential dilutive effect subject to the terms of issue of those potential shares. The date(s) of issue of such potential shares determine the amount of the weighted average number of potential equity shares.

2.18 Taxation

i) Current Tax

Provision for Current tax is made based on the liability computed in accordance with the relevant tax rates and provisions of Income Tax Act, 1961 as at the balance sheet date and any adjustments to taxes in respect of the previous years, penalties if any related to income tax are included in the current tax expense.

ii) Deferred Taxes

Deferred Tax is the tax expected to be payable or recoverable on differences between the carrying amount of the assets and liabilities for financial reporting purpose and the corresponding tax bases used in computation of taxable profit. Deferred tax assets are recognized and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such Deferred Tax Assets can be realized.

Current and deferred tax is recognized in profit or loss, except to the extent that it related to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

2.19 Commitments

Commitments are future liabilities for contractual expenditure.

Commitments are classified and disclosed as follows:

- a. Estimated amount of contracts remaining to be executed on capital account and not provided for;
- b. Uncalled liability on shares and other investments partly paid;
- c. Funding related commitment to subsidiary, associate and joint venture companies and
- d. Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/ procurements made in the normal course of business are not disclosed to avoid excessive details.

2.20 Operating cycle for current and non-current classification

Operating cycle for the business activities of the Company covers the duration of the specific project/contract including the defect liability period, wherever applicable and extends up to the realization of receivables (including retention monies) within the agreed credit period normally applicable to the respective lines of business.

2.21 Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit is adjusted for the effects of:

- i. transactions of a non-cash nature;
- ii. any deferrals or accruals of past or future operating cash receipts or payments;
- iii. items of income or expense associated from investing or financing cash flows; and

Cash and cash equivalents (including bank balances) are reflected as such in the Statement of Cash Flows.

2.22 Exceptional Items:

Items of income and expenditure within profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such items are disclosed separately as Exceptional Items.

2.23 Borrowing Cost

Borrowing costs net of any investment income from the temporary investment of related borrowings, that are attributable to the acquisition or construction of a qualifying asset are capitalized as part of cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

Borrowing costs include interest expense calculated using the effective interest method, finance charges in respect of assets acquired on finance lease and exchange differences arising on foreign currency borrowings to the extent they are regarded as an adjustment to interest costs.

33.13 Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The Company strives to safeguard its ability to continue as a going concern so that they can maximize returns for the shareholders and benefits for other stake holders. The aim is to maintain an optimal capital structure and minimize the cost of capital.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may return capital to shareholders, issue new shares or adjust the dividend payment to shareholders (if permitted). Consistent with other entities in the industry, the Company monitors its capital using the gearing ratio which is net debt divided by total equity.

33.15 Financial risk management objectives and policies

The Company's activities expose to a variety of financial risks like market risk, credit risk and liquidity risks. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Major financial instruments affected by market risk, includes loans and borrowings.

a. Interest rate risk

Majority of the Non-current (Long Term) borrowings of the Company bear fixed interest rate, thus interest rate risk is limited for the Company.

b. Foreign Currency Risk:

- The Company's foreign Currency exposure details are as follows:

Particulars	Hedged/ Un-hedged	As at 31 st March, 2021		As at 31 st March, 2020	
		Foreign Currency USD in Millions	₹ Equivalent in Lakhs	Foreign Currency USD in Millions	₹ Equivalent in Lakhs

Foreign LC	Un-hedged	0.37	273.28	3.20	2,410.22

The Company undertakes transactions foreign currencies; consequently, exposures to exchange rate fluctuations arise. Transactions in foreign currency are recorded at the exchange rates prevailing

on the date of transaction. Foreign currency monetary items outstanding at the balance sheet date are restated at the prevailing year-end rates. The resultant gain/loss upon such restatement along with gain / loss on account of foreign currency transactions are accounted in the Statement of Profit and Loss.

- Foreign Currency sensitivity analysis**

The above exposures when subjected to a sensitivity of 5% have the following impact:

(ii) Credit risk management

Credit risk is the risk that a customer or a counterparty to a financial instrument fails to perform or pay amounts causing financial loss to the company. The maximum exposure of the financial assets is contributed by trade receivables, work-in-progress/ unbilled revenue, cash and cash equivalents and receivables/loans from group companies.

Credit risk on trade receivables, work in progress/unbilled revenue is limited as the customers of the company mainly consist of the Government promoted entities, having strong credit worthiness. The company takes into account ageing of accounts receivables and the company's historical experience of the customers and financial conditions of the customers. During the current year the company had identified credit risk on certain financial instruments as below and has made the necessary provision for the same:

₹ in Lakhs

Sl. No	Particulars	Balance As at 31 st March 2021	Accumulated Expected credit loss Amount
1	Trade receivables	24,518.72	3,677.81
2	Loans /advances	77,149.33	9,657.93

(iii) Liquidity Risk:

Liquidity Risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's management and finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by the senior management.

33.16 Pursuant to the introduction of the Goods and Service Tax (GST), applicable indirect taxes have got subsumed into GST. The company has executed various Construction Contracts/ projects of NHAI /other state and central government Departments and in majority of the cases, the work orders for these contracts were issued under the erstwhile previous tax laws and the additional impact on account of GST was recognized in the previous years as other receivables under “Other Current Assets” note. During the year the company has recovered substantial amount of GST dues and the balance amount will also be recovered in the due course.

33.17 The company has investment in Gayatri Hi-tech Hotels Limited (“Investee Company”) in the form of 4% Compulsorily Convertible Cumulative Preferential Shares (“CCCPS”) amounting to ₹ 19,571.95 Lakhs as at 31st March, 2021. The financial statements of Investee Company are prepared on a going concern basis though, it has incurred considerable losses and there has been significant erosion in the Net worth of the investee company as per the latest available financial statements of the investee company.

The ongoing Covid 19 pandemic and implementation of lockdown in the county has significantly affected the operations of the investee company and the extent to which the COVID – 19 pandemic shall effect the operations of the investee company are depended on future developments which are uncertain. However, the fair valuation of the investment done by the registered valuer is not lower than the actual investment made by the company and further the management of the company is very confident that business operations of the investee company will get normalized at the earliest and generate sufficient cash flows. The

CCCPS will be converted into equity shares of the investee company during the financial years 2027-28, which is very long period for realisation of investment or to analyse the actual investment value. Hence, considering the tenure of the investment and nature of the investment, the management of the company is of the view that no provision for diminution / impairment for carrying value of the investments is required to be made for the current financial year.

33.18 Gayatri Highways Limited, an associate company in which the company has investment of ₹ 16,770.03 Lakhs in the form of Non-Convertible Preference Shares (“NCPS”), Equity Share Capital Investment of ₹ 1,248.00 Lakhs and also funded an amount of ₹ 24,778.49 Lakhs in the form of unsecured loan / subordinate debt as at 31st March, 2021. Further, as stated in the audited financial statements of the said Associate Company, it has been incurring operating losses during past few years. However, the financial statements of said associate company have been prepared on going concern basis as the promoters of the associate company have guaranteed support to the company and its management believes its investments in road projects will generate sufficient cash flows to support the company in foreseeable future. As at 31st March, 2021 the associate company has holding portfolio in seven Road Projects. The management of the company is of the opinion that considering the future cash flows of the company from the said road projects on account of various claims filed, annuities and Toll collections receivable will be sufficient to recover the amounts invested / advanced to the associate company and hence, in the opinion of the management no provision is required to be made for the NCPS investments made by the company and unsecured loan/subordinate

debt receivable by the company from the said associate company for the year ended 31st March, 2021.

33.19 In the ordinary course of business, the Company had given Contract Advances to a sub-contractor which on mutual consent have been converted into interest bearing inter corporate loan. The said inter corporate loan of ₹ 18,676.14 Lakhs and interest thereon of ₹ 20,296.72 Lakhs is pending for recovery as at 31st March, 2021. The recovery of this loan along with interest thereon is delayed due to extraneous reasons like change in government policies, delay in execution of projects etc. However, the company has recovered considerable amounts during the previous financial years and the management is confident of recovering the balance amount in due course. Further, as per the information available with the company, the said sub-contractor is going to recover the money from sale of immovable properties assigned to it and also assured the company that the sale proceeds will be utilised for repayment of dues to the company. In view of this, no provision for the same is required to be made in the financial statements of the company for the year ended 31st March, 2021.

33.20 One of the subsidiary of the associate company (herein after called as "concessionaire company" or "SMTL"), which has been awarded a Build-Operate-Transfer (BOT) work for construction of Four Laning of Panikoili-Rimuli section of NH-215 Road. The Company has to receive an amount of ₹ 24,472.04 Lakhs towards EPC cost from the said concessionaire company as on 31st March, 2021. Further, the company has given an irrevocable and unconditional Corporate Guarantee of ₹ 1,82,735.00 Lakhs to the lenders of the concessionaire company.

The Concessionaire Company has given termination notice to National Highways Authority of India (NHAI) due to irreparable loss of toll revenue from the road project and requested for termination payment of ₹ 2,29,667.00 Lakhs. Apart from the above said termination payment, the Concessionaire Company had filed claims with the NHAI under "Concessionaire's right to recover losses/ damages from the Authority on account of material default of the Authority for

an amount of ₹ 97,449.00 Lakhs towards cost overrun claims attributable to the NHAI, which includes claims against EPC Escalation made on NHAI from EPC Contractor (GPL) for ₹ 51,752.00 Lakhs.

SMTL Road Project was terminated by the NHAI on 28th January, 2020 and toll collection rights were handed over to the NHAI from 30th January, 2020. The Concessionaire Company has requested the NHAI for referring the disputes such as Termination Payment and Claims to the Conciliation Committee of Independent Experts ("CCIE") as per NHAI policy. Further, the Concessionaire Company had filed petition on 21st December, 2019 against the NHAI before the Hon'ble High Court of Delhi, New Delhi requesting NHAI to deposit 90% of the Debt Due by the said Concessionaire Company.

In these circumstances, the NHAI vide its letter dated 31.03.2021 has calculated the termination payment as ₹ 58,421.00 Lakhs unilaterally as against termination payment of ₹ 2,29,667.00 Lakhs and released total amount of ₹ 44,575.00 Lakhs to Escrow Bank Account of the lenders of said Concessionaire Company and retained ₹ 13,846.00 Lakhs with it towards various counter claims and statutory deductions etc.,

The Concessionaire Company has utterly disagreed with the termination payment calculated by the NHAI unilaterally and disputed the termination payment. The dispute pertaining to the termination payment along with the claims submitted by the Concessionaire Company are pending before the CCIE Committee.

As per the information and explanations given by the concessionaire company and based on the legal opinion obtained by it, the said concessionaire company will receive significant amount of compensation so as to settle dues to the lenders and the company. As per the available information and based on the discussions held with the lenders, the management is of the view that the possibility of invocation of Corporate Guarantee is remote. In view of this, the management is of the opinion that no provision is required to be made in respect of receivables and Corporate Guarantee on the financial statements for the year ended 31st March, 2021.

33.21 An amount of ₹ 3,620.49 Lakhs as on 31st March, 2021 is receivable from M/s Western UP Tollways Limited ('Erstwhile Associate Company or WUTPL') operating Meerut and Muzaffarnagar Section of NH-58 Road on BOT basis against the EPC works executed by the company during the previous years and the amounts shall be recovered out of the claims amounts received by the erstwhile associate company from NHAI. During the year, The Arbitration Tribunal has pronounced arbitration award of ₹ 12,443.03 lakhs which includes interest thereon of ₹ 6,405.15 lakhs and extension of concession period by 348 days. At the request of the M/s Western UP Tollways Limited, the above claims and the termination payment have been referred to the Conciliation Committee of Independent Experts ("CCIE") as per NHAI policy. The Management of WUTPL is very confident of getting the claims amounts from NHAI and assured the company by way of agreement, to pay the company its share upon receipt of claims and accordingly, in the opinion of the management of the company, no provision is required to be made in respect of amounts receivable from the said erstwhile associate company in the audited financial statements for the year ended 31st March, 2021.

33.22 The Advances to Suppliers, Sub-contractors and others as at 31st March, 2021, includes an amount of ₹ 15,328.33 Lakhs given to one sub-contractor in the normal course of business. The recovery of this advance is delayed due to certain extraneous factors not attributable to the subcontractor. During the previous financial year, the company has recovered an amount of ₹ 15,199.00 Lakhs from the said sub-contractor. In view of this, the management is confident to recover the entire advances from the sub-contractor in due course and hence, no provision is required to be made in the financial statements for the year ended 31st March, 2021.

33.23 As per the Settlement and Supplementary Agreement dated 14th September, 2020 made between Gayatri Projects Limited ("the Company"), Gayatri Highways Limited ("GHL") – an Associate Company and IL&FS Financial Services Limited (IL&FS); the Company and GHL

jointly and severally agreed to repay the balance principal loan amount of ₹ 8,409.10 Lakhs and Additional Interest of ₹ 865.00 Lakhs towards loan availed by GHL along with interest in eleven monthly instalments commencing from 15th September, 2020 and the entire amount to be paid on or before 15th July, 2021. The company & GHL have jointly paid an amount of ₹ 34.42 crores till date and the repayment of remaining loan instalments are pending since January, 2021.

33.24 The Company is mainly engaged in the execution of road works allotted by the National Highways Authority of India and Irrigation related works given by various state governments. Due to various covid related lock down restrictions imposed across the country during the year, the work at major sites had got disrupted, however post relaxation of lockdown restrictions, the works have resumed and the company is recovering from the economic after effects of COVID-19 and works at various major sites are progressing well.

COVID –19 Pandemic impact and lockdown restrictions caused temporary stress on the working capital management. As stated above, the company is mainly executing government related works, it is estimated that there will be no defaults in receivables of the company and there will be no cancellation / suspension of works allotted to the company. In view of the above, the COVID–19 pandemic impact on the business operations of the company is temporary in nature and it will not impact the continuity of the business operations of the company. However, the Company will closely monitor the future developments and economic conditions across the country and assess its impact on the financial statements.

33.25 Corporate Social Responsibility:

Amount required to be spent by the Company as per the provisions of section 135(5) of Companies Act, 2013 on Corporate Social Responsibility (CSR) related activities during the year is ₹ 18.69 Lakhs (previous year: ₹ 312.86 Lakhs).

The amount recognised as expense in the Statement of Profit and Loss on CSR related activities is ₹ 145.25 Lakhs (previous year: ₹ 186.52 Lakhs), which comprises: -

33.26 Debt Resolution Plan: -

The company is facing severe liquidity constraints over the last few months on account of cash flow mismatch. In view of this, the company has proposed a resolution plan to the lending consortium, which essentially involves sources to meet the repayment debt service obligations through monetization of arbitral awards, monetization of Claims under process either through a Conciliation & Settlement Mechanism, disposing of non-core assets and cash flows from normal operations of the Company. As part of the resolution plan, the lending consortium has signed an Inter-Creditor Agreement (ICA) on 18th March, 2021.

33.27 The Cabinet Committee on Economic Affairs (CCEA) vide its "measure to revive construction sector – reg" had approved partial (75%) interim payment of challenged arbitral awards by the Government entities to contractors/concessionaires against a bank guarantee. Pursuant to such measures announced, the company had received a sum of ₹ 21,044.83 lakhs as partial (75%) interim payment towards an arbitration amount and the amount so received during the current financial year has been reduced from the outstanding claims receivables disclosed in other current assets.

33.28 The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. INDEPENDENT AUDITOR'S REPORT

To the Members of **Gayatri Projects Limited**

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Gayatri Projects Limited** (hereinafter referred to as the "Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group"), its associate and Joint Ventures which comprise the consolidated Balance Sheet as at 31st March, 2021, and the consolidated statement of Profit and Loss (including Other Comprehensive loss), the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the reports of other auditors on separate financial statements and the other financial information of subsidiary company, associate company and joint ventures, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associate and Joint Ventures as at 31st March, 2021, of consolidated Profit, consolidated total comprehensive loss, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's

Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We are independent of the Group, its associate and Joint Ventures in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

(Note Nos. referred hereunder are with reference to respective notes forming part of consolidated financial statements)

We draw attention to the following matters:

- i) As stated in Note No.32.15, the Investee Company in which the Company has invested by way of Compulsorily Convertible Cumulative Preference Shares ("CCCPS"), has incurred considerable losses, there has been significant erosion of Networth and further, business operations of the investee company are severely impacted due to COVID – 19 Pandemic. No provision for diminution / impairment for carrying value of the investment is provided for the year ended 31st March, 2021 and the financial statements of the said investee company have been prepared on going concern basis for the detailed reasons stated in the said note.
- ii) As stated in Note No.32.16, regarding the status and recoverability of the investments, unsecured loan/subordinate debt infused by the company in an associate company which has been incurring operating losses during the past few years, the financial statements of the said associate company have been prepared on going concern basis for the detailed reasons stated in the said note.
- iii) As stated in Note No.32.17, the Inter Corporate Loan grouped under 'Non-current Loans' and

accumulated interest thereon long pending for recovery.

- iv) As stated in Note No. 32.18, the recovery of trade receivables is delayed for the detailed reasons stated in the said note, the road project was terminated by the NHAI and the toll rights were handed over to the NHAI. As per the information and explanation give to us, the termination payment calculated by the NHAI is very low as compared to the expected termination payment. Further, as stated in the same note, the company has given an irrevocable and unconditional corporate guarantee to a subsidiary of the associate company, which has defaulted in repayment of dues to the lenders.
- v) As stated in Note No. 32.19, the amount receivable from the erstwhile associate company is long pending for recovery as the same is based on the receipt of claims by the said erstwhile associate company.
- vi) As stated in Note No. 32.20, the work advances in respect of certain contract works given to a sub-contractor grouped under 'Other Current Assets' which are long pending for recovery.
- vii) As stated in the Note No.32.21, as per the agreement dated 14th September, 2020, the Company and Gayatri Highways Limited ("GHL") – an Associate Company jointly and severally agreed to repay the loan availed by GHL from IL&FS Financial Services Limited (IL&FS) and repaid amount of ₹ 34.42 crores since September, 2020.

The repayment of remaining loan installments are pending since January, 2021.

- viii) As stated in the Note No.32.22, wherein it is explained the COVID – 19 Pandemic effects and impact on the business operations of the company and however, the actual effect will be known based on the future developments.
- ix) As stated in the Note No. 32.25, regarding amount payable by the subsidiary company to holders of Optionally Fully Convertible Debentures.
- x) As stated in the Note No. 32.26, regarding exit agreement entered by the subsidiary company in respect of investments/ advances/ share application money made in certain power projects and long pending recovery of the same.
- xi) As stated in the Note No. 32.27, regarding contract advances given by the step down subsidiary company which are long pending for recovery.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements for the year ended 31st March, 2021. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be key audit matters to be communicated in our report.

S.No.	Key Audit Matter	Audit Process
1	<p>Revenue recognition and measurement of contract assets in respect of unbilled amounts</p> <p>The management of the holding company has applied significant judgement in determining the revenue to be recognised in case of performance obligation satisfied over a period of time; revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation.</p> <p>Revenue is recognized on fixed price construction contracts in accordance with the percentage of completion basis, which necessarily involve technical estimates of the percentage of completion, and costs to completion, of each contract / activity, on the basis of which profits and losses are accounted.</p>	<ul style="list-style-type: none"> • We have obtained the procedure and process involved in estimating the percentage of completion of the projects. • We have also obtained and verified the costs incurred on the project/works up to the reporting date for the revenues accounted in respect of works on sampling basis. • We have also obtained the certified copies (i.e percentage of completed work approved by the relevant authorities) of works executed till the reporting date in respect of revenues accounted on sampling basis. • We have also performed analytical procedures for reasonableness of revenues recognised.

	<p>When the outcome of the contract is ascertained reliably, contract revenue is recognized at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed up to the date, to the total estimated contract costs.</p> <p>The stage of completion of contracts is measured by reference to the proportion that contract costs incurred for work performed up to the reporting date bear to the estimated total contract costs for each contract. Further at the reporting date, revenue is accrued for costs incurred against work performed and which are not billed and further measurement of work completed/cost incurred during the period for recognition of unbilled revenue.</p>	<ul style="list-style-type: none"> • We have also verified the reasonableness of the estimation of remaining costs to be incurred to complete the project / work and profit / loss estimated in the project / work. • Reviewed the delivery and collection history of customers against whose contracts unbilled revenue is recognised. • Tested relevant contracts for measurement of work completed during the period for unbilled revenue.
2	<p>Defaults in repayment of loans / borrowings and Debt Resolution Plan:</p> <p>As stated in note no. 16.7&19.5, the company has defaulted in repayment of certain loans / borrowings and also defaulted in payment of interest dues.</p> <p>As stated in note no. 32.23, the company has been facing severe liquidity constraints over the last few months due to cash flow mismatches which have resulted in delayed repayments and interest payments to its lenders consortium. In this regard, the company has proposed a Debt Resolution Plan to the lending consortium which essentially involves sources to meet the repayment of debt service obligations through monetization of arbitral awards, monetization of Claims under process either through a Conciliation & Settlement Mechanism, disposing of non-core assets and cash flows from normal operations of the Company. As a part of the resolution process, the lending consortium has signed an Inter-Creditor Agreement (ICA) on 18th March, 2021.</p> <p>We have determined the above area as a key audit matter in view of the implementation of the above submitted resolution plan involves approval from consortium lenders and monetization of claims and arbitral awards is based on the requisite approvals of govt. authorities and fulfilment of terms and conditions related thereto. Further, mis-match in cash flow will affect the working capital cycle and there by affects the business operations of the company and leads to default in repayments of loan / borrowing dues and interest thereon.</p>	<p>We have reviewed the borrowings status and default status as on the balance sheet date.</p> <p>We have reviewed the outstanding status of various statutory and other dues.</p> <p>We have obtained and verified the following documents / information with regard to the progress achieved by the company as stated in the note no.32.23:</p> <ul style="list-style-type: none"> i) Copy of the Resolution Plan submitted to the lending consortium. ii) Copies of GOI Circulars and NHA policy guidelines. iii) Copies of Bank Guarantee sanction letters received by the company. iv) Copy of the Inter Creditor Agreement.

<p>3</p>	<p>Carrying Value of Investments in NCC Infrastructure Holdings Limited (NCCIHL) held by the subsidiary company.</p> <p>The management regularly reviews whether there are any indicators of impairment on unquoted investments made by the company.</p> <ul style="list-style-type: none"> Accordingly, the management had identified impairment indicators in NCCIHL, associate of the company with an equity investment of ₹ 28,969.35 Lakhs. (Refer Note 32.29 of the Consolidated Financial Statements). <p>As per Ind AS 36 - 'Impairment of Assets' the standard is applicable to financial assets classified as Associates.</p> <p>In case of NCCIHL, the existence of an impairment indicator is significantly influenced by whether there is an impairment to the underlying investment in infra project made by the said company. This assessment involves significant judgment especially in relation to determination of expected future economic benefits.</p> <p>Accordingly, the evaluation of impairment of investments in NCCIHL held by the subsidiary company was determined to be a key audit matter as reported in the Auditor's Report of the said Subsidiary Company.</p>	<ul style="list-style-type: none"> Obtained and read the financial statements of NCCIHL to identify if any disclosure is made for impairment of assets in its financial statements. Obtained the details of Risk assessment conducted by the management. We have obtained the management's understanding with regard to impairment of the investments made in loss making associate company.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and analysis, Boards Report including annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive loss, consolidated changes in equity and consolidated cash flows of the Group including its associate, Joint Ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The respective Board of Directors of the companies included in the Group and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and its associates and its joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group, its associate and Joint Ventures is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group, its associate and Joint Ventures are also responsible for overseeing the financial reporting process of the Group and of its associate and Joint Ventures.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group, its Associates and Joint Ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group, its associate entities and Joint Ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the consolidated financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in: (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that

a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of one associate in which the share of Group's loss of ₹ Nil included in consolidated financial statements. This financial statements/financial information have been audited by other auditor whose audit report have been furnished to us by the management and our opinion on the consolidated financial statements in so far as it relates to the amounts and disclosures included in respect of the associate and our report in terms of subsection (3) and (11) of section 143 of the Act, in so far as it relates to the associate, is solely based on such reports of the other auditors.

We have relied on the unaudited (management certified) financial statements / financial information of nineteen joint ventures in which the share of profit of Group's ₹ 14.94 Lakhs included in the consolidated financial Statements. In respect of unaudited (management certified) financial statements, our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these joint ventures, is based solely on such unaudited financial statements/financial information.

The financial statements of three joint ventures are not available for consolidation and in the opinion of the management the share of Profit / Loss from these Joint Ventures is very negligible and will have no significant impact in the consolidated financial results.

Our Opinion on the consolidated financial statements, and our report on other legal and regulatory requirements below, is not qualified in respect of the above matters with respect to our reliance on the work done and the reports of other auditor and financial statements/ financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive loss), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2021 taken on record by the Board of Directors of the Holding Company, and the reports of the statutory auditors of its subsidiary and associate company incorporated in India, none of the directors of the Group companies and its associate company incorporated in India is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of internal financial controls over financial reporting of the Group, its associate entities and Joint Ventures incorporated in India and the operating effectiveness of such controls, refer to our separate report in "Annexure A" which is based on the auditors' reports of the holding company, subsidiary company and associate company and joint ventures. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.
- (g) With respect to the other matters to be included in the Auditors Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the company has paid or provided for managerial remuneration for the year ended 31st March 2021 in accordance with the requisite approvals mandated by the provisions of section 197 of the Act read with schedule V to the Act.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- (i) As stated in note no. 32.1 of the consolidated financial statements, the Group and its associate disclosed the impact of pending litigations on the consolidated financial position of the Group, its associate entities and joint ventures in its consolidated financial statements.
 - (ii) As per the information and explanations given by the Company, the Group and its associate entities did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) As per the information and explanations given to us, there has been no delay in transferring the amounts which are required to be transferred to Investor Education & Protection Fund by the Group and its associate entities wherever applicable.

ANNEXURE - A TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Gayatri Projects Limited ("the Holding Company") and its subsidiary (collectively referred to as "the Group"), its Associate and Joint Ventures as of 31st March, 2021 in conjunction with our audit of the consolidated financial statements of the Holding company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company, its subsidiary company, its associate company and Joint Ventures are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company, its subsidiary company, its associate company and joint venture's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we

comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred in the other matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company, its subsidiary company, its associate company and Joint Ventures have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2021, based on the internal control over financial reporting criteria established by

the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements insofar as it relates to one associate companies, which is company incorporated in India, is based on the corresponding report of the auditor of that associate company. Our opinion is not modified in respect of this matter.

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 Compliance with Indian Accounting Standards (Ind AS)

The Group's Consolidated Financial statements have been prepared to comply with generally accepted accounting principles in accordance with the Indian Accounting Standards (herein after referred to as "Ind AS") as notified by the Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016.

1.2 a) Basis of Preparation and Presentation of Financial Statements

The Consolidated Financial Statements are prepared on accrual basis following the historical cost convention except in case of certain financial instruments which are measured at fair values. The Consolidated Balance Sheet and the Consolidated Statement of Profit and Loss are prepared and presented in the format prescribed under Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Indian Accounting Standard (Ind AS) - 7 on "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with other notes required to be disclosed under the notified Ind AS and the Listing Agreement. Further, the guidance notes/announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory promulgations viz. SEBI guidelines override the same requiring a different treatment. Accounting Policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the accounting policy used previously.

Fair value for measurement adopted in these financial statements is determined on such a basis, except leasing transactions that are within the scope of Ind AS 116, Net Realizable value as per Ind AS 2 or value in use as per Ind AS 36. Fair value

measurements under Ind AS are categorized as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

b) Principles of Consolidation

The consolidated financial statements have been prepared on the following basis:

i. Investments in Subsidiaries:

The Financial Statements of the Company and its subsidiary companies have been consolidated on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses as per Indian Accounting Standard - 110 "Consolidated Financial Statements" issued by Institute of Chartered Accountants of India.

ii. Investments in Associates:

Investments in associate companies have been accounted for, by using equity method "Accounting for Investments in Associates in Consolidated Financial Statements, whereby investment is initially recorded at cost and the carrying amount is adjusted thereafter for post-acquisition change in the Company's share of net assets of the associate. The carrying amount of investment in associate companies is reduced to recognize any decline which is other than temporary in nature and such determination of decline in value, if any, is made for each investment individually. The unrealized profits/losses on transactions with associate companies are eliminated by reducing the carrying amount of investment".

iii. Investments in Joint Ventures:

A Joint Venture is a joint arrangement whereby the parties that have joint control of the arrangement, have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

Investments in Joint Venture are accounted for using the equity method of accounting. The investment is initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the acquisition date. The Group's investment in joint ventures includes goodwill identified on acquisition.

- iv. The financial statements are presented to the extent possible, in the same manner as the parent company's independent financial statements.
- v. On acquisition of Investment in a joint venture or associate, any excess of cost over investment over the fair value of the assets & liabilities of the joint venture is recognized as goodwill and is included in the carrying value of the investment in the joint venture and associate. The excess of fair value of assets and liabilities over the investment is recognized directly in equity as capital reserve.

Non-controlling interest represents that part of the total comprehensive income and net assets of subsidiaries attributable to interests which are not owned directly or indirectly by the parent company.

- a) Non-controlling interest in the net assets of consolidated subsidiaries consists of:
 - i) The amount of equity not attributable to owners of parent company at the date on which investment in a subsidiary is made; and
 - ii) The Non-controlling share of

changes in the equity since the date the parent subsidiary relationship came into existence.

- b) Non-controlling interest in the net profit/(loss) for the year of consolidated subsidiaries is computed and adjusted against the net profit/(loss) after tax of the group.

Non-controlling interest in the net assets of the consolidated subsidiaries is identified and presented in the Consolidated Balance Sheet under the head Total Equity group.

1.3 Use of Estimates

The preparation of financial statements in conformity with Ind AS requires the management of the Group to make estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as on the date of the financial statements. Actual results may differ from these estimates. The Group evaluates these estimations and assumptions on a continuous basis based on the historical experience and other factors including expectation of future events believed to be reasonable. Examples of such estimates include the useful lives of tangible and intangible fixed assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, estimation of costs as a proportion to the total costs, etc.,. Difference, if any, between the actual results and estimates is recognized in the period in which the results are known/ materialized. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material, are disclosed in the Notes to Accounts.

1.4 Revenue Recognition

The Company recognises revenue from contracts with customers when it satisfies a performance obligation by transferring promised good or service to a customer. The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Performance obligation is satisfied over time when the transfer of control of asset (good or service) to a customer is done over time and in other cases, performance obligation is satisfied at a point in time. For

performance obligation satisfied over time, the revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

Revenue is measured at the amount of consideration which the company expects to be entitled to in exchange for transferring distinct goods or services to a customer as specified in the contract, excluding amounts collected on behalf of third parties (for example taxes and duties collected on behalf of the government). Consideration is generally due upon satisfaction of performance obligations and a receivable is recognised when it becomes unconditional.

The management of the company has applied significant judgement in determining the revenue to be recognised in case of performance obligation satisfied over a period of time; revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation and determining the expected losses, which are recognised in the period in which such losses become probable based on the expected total contract cost as at the reporting date.

The specific revenue recognition policy adopted is as follows:

A. Revenue from Operations

a. Revenue from Construction activity:

- i) Income is recognized on fixed price construction contracts in accordance with the percentage of completion basis, which necessarily involve technical estimates of the percentage of completion, and costs to completion, of each contract / activity, on the basis of which profits and losses are accounted. When the outcome of the contract is ascertained reliably, contract revenue is recognized at cost of work performed on the contract

plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed up to the date, to the total estimated contract costs.

- ii) The stage of completion of contracts is measured by reference to the proportion that contract costs incurred for work performed up to the reporting date bear to the estimated total contract costs for each contract.
- iii) Price escalation and other variations in the contract work are included in contract revenue only when:
 - a) Negotiations have reached at an advanced stage such that it is probable that customer will accept the claim and
 - b) The amount that is probable will be accepted by the customer and can be measured reliably.
- iv) Incentive payments, as per customer-specified performance standards, are included in contract revenue only when:
 - a) The contract has sufficiently advanced such that it is probable that the specified performance standards will be met; and
 - b) The amount of the incentive payment can be measured reliably.
- v) Contract Claims raised by the company which can be reliably measured and have reached an advanced stage of arbitration and claims pending in High courts have been recognized as income including eligible interest thereon.

b. Contract Revenue from supply of materials:

Revenue from supply of materials is recognized when substantial risk and rewards of ownership are transferred to the buyer and invoice for the same are raised.

c. Revenue receipts from Joint Venture Contracts

- i) In work sharing Joint Venture arrangements, revenues, expenses, assets and liabilities are accounted for in the Company's books to the extent work is executed by the Company.
- ii) In Jointly Controlled Entities, the share of profits or losses is accounted as and when dividend/ share of profit or loss are declared by the entities.

d. Other Operational Revenue:

- i) All other revenues are recognized only when collectability of the resulting receivable is reasonably assured and related goods / services are transferred to the customer.
- ii) Revenue is reported net of discounts, if any.

B. Other Income

- i) Interest income is accounted on accrual basis as per applicable interest rates and on time proportion basis taking into account the amount outstanding.
- ii) Dividend income is accounted in the year in which the right to receive the same is established.
- iii) Insurance claims are accounted for on cash basis.

1.5 (a) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost of acquisition, less accumulated depreciation thereon. Expenditure which are capital in nature are capitalized at cost, which comprise of purchase price (net of rebates and discounts), import duties, levies, financing costs and all other expenditure directly attributable to bringing the asset to its working condition for its intended use.

Any gain/loss on the disposal of the Property, Plant and Equipment is recognized in the Statement of Profit & Loss account and is determined as the difference between the sales proceeds and the carrying amount of the asset.

(b) Capital Work in Progress

Property, Plant and Equipment which are

purchased but not yet installed and not ready for their intended use on the date of balance sheet are disclosed as "Capital Work-in-Progress". Cost of materials used in the process of erection/ installation of an asset but not yet completed as on the reporting date are also disclosed as "Capital Work-in-Progress".

1.6 Depreciation and amortization

In respect of Property, Plant & Equipment (other than Land and Capital Work in Progress) depreciation / amortization is charged on a straight line basis over the useful lives as specified in Schedule II to the Companies Act 2013.

Assets individually costing ₹ 20,000/- or less and temporary structures are fully depreciated in the year of acquisition.

The residual values and useful lives are reviewed at the end of the reporting period.

1.7 Impairment of Non-Financial Assets

As at each Balance Sheet date, the Group assesses whether there is an indication that a non-financial asset may be impaired and also whether there is an indication of reversal of impairment loss recognized in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Group determines the recoverable amount and impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- In case of an individual asset, at the higher of the Assets' fair value less cost to sell and value in use; and
- In case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of cash generating unit's fair value less cost to sell and value in use.
- In assessing Value in Use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specified with the asset. In determining fair value less cost to sell, recent market transactions are taken into account. If no such transaction

can be identified, an appropriate valuation model is used.

Impairment losses of continuing operations, including impairment on inventories, are recognized in the Statement of Profit and Loss, except for properties previously revalued with the revaluation taken to Other Comprehensive Income (OCI). For such properties, the impairment is recognized in OCI up to the amount of any previous revaluation. When the Group considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through the Statement of Profit and Loss.

1.8 Financial Instruments

Financial Assets and Financial Liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial Assets and Financial Liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets and Financial Liabilities (other than Financial Assets and Financial Liabilities at fair value through profit or loss) are added to or deducted from the fair value of the Financial Assets or Financial Liabilities, as appropriate, on initial recognition.

1.9 Financial Assets

Financial Asset is any Asset that is -

- (a) Cash
- (b) Equity Instrument of another entity,
- (c) Contractual right to -
 - i) receive Cash / another Financial Asset from another entity, or
 - ii) exchange Financial Assets or Financial Liabilities with another Entity under conditions that are potentially favorable to the Entity.

Investment in Equity Shares issued by Subsidiary, Associate and Joint Ventures are carried at cost less impairment.

Investment in preference shares are classified as

debt instruments and carried at Amortized cost if they are not convertible into equity instruments and are not held to collect contractual cash flows. Other Investment in preference shares which are classified as Debt instruments are mandatorily carried at Fair value through Profit & loss Account (FVTPL).

All investments in equity instruments other than as classified above under Financial Assets are initially carried at fair value. The Group has adopted to measure the fair value of equity instruments through FVPTL Fair value changes on an equity instrument are recognized in the Statement of Profit & Loss.

Investments in equity instruments are classified as at FVTPL, unless the related instruments are not held for trading and the company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income.

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Impairment of Financial Assets

In accordance with Ind AS 109, the Group applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures. The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL. ECL is the difference between all contractual cash flows that are due to the Group

in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss.

Financial Liabilities

Financial liabilities are recognized at fair value net of transaction costs and are subsequently held at amortized cost using the effective interest rate method. Financial liabilities carried at fair value through profit and loss are measured at fair value with changes in fair value recognized in the profit and loss account. Interest bearing bank loans are initially measured at fair value and subsequently measured at amortized cost using the effective interest rate method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

De-recognition of Financial Instruments

A Financial Asset is derecognized when the right to receive cash flows from the asset have expired or the Group has transferred substantially all the risks and rewards or the right to receive the cash flows under a contractual arrangement or has transferred the asset.

A Financial Liability is derecognized when the obligation under the liability is discharged or cancelled or expired. In the case where the existing liability is replaced by another liability either from the same lender or otherwise such an exchange is treated as de-recognition of the original liability and recognition of a new liability. Any change in the carrying amount of a liability is recognized in the Statement of Profit and Loss.

1.10 Inventories and Work in Progress

Raw Materials, Construction Materials and Stores & Spares are valued at lower of weighted average cost or net realizable value. Cost includes Direct

Material, work expenditure, labour cost and appropriate overheads excluding refundable duties and taxes.

Cost of materials utilised in the contract work, which is not reached certain level, not quantified, and qualified for billing is considered as work in progress at the end of the reporting period.

1.11 Cash & Cash Equivalents

Cash and Cash Equivalents are short term highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of change in value and have maturities of three months or less.

1.12 Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources to settle the obligation in respect of which reliable estimate can be made as on the balance sheet date.

Contingent Liabilities are present obligations arising from a past event, when it is not probable / probability is remote that an outflow of resources will be required to settle the obligation and they are not recognized but are disclosed in the notes.

Contingent Assets are neither recognized nor disclosed in the financial statements except where it has become virtually certain that an inflow of economic benefit will arise, the asset and the related income are recognized in financial statements of the period in which the change occurs. Provisions for Contingent Liabilities and Contingent Assets are reviewed at the end of Balance Sheet date.

1.13 Foreign Currency Transactions and Translation

The reporting currency of the Group is Indian Rupee. Foreign Currency Transactions are translated at the functional currency spot rates prevailing on the date of transactions.

Monetary assets and current liabilities related to foreign currency transactions remaining unsettled are translated at the functional currency spot rates prevailing on the balance sheet date. The difference in translation of monetary assets and liabilities and realized gains and losses on

foreign exchange transactions are recognized in the Statement of Profit and Loss.

Non-monetary foreign currency items are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

1.14 Employee Benefits

Payments to Defined Contribution schemes are charged as an expense as they fall due. Company's provident fund in respect of certain employees is made to a government administrated fund and charged as an expense to the Statement of Profit and Loss.

Liability for employee benefits, both short and long term, for present and past service which are due as per the terms of employment are recorded in accordance with Indian Accounting Standard 19 "Employee Benefits" issued by the Companies (Accounting Standard) Rules, 2015. Remeasurement gains /losses on post-employment defined benefits comprising gains/ losses is reflected immediately in the balance sheet with a charge or credit to other comprehensive income in the period in which it arises.

i) Gratuity

In accordance with the Payment of Gratuity Act, 1972 the Group provides for Gratuity covering eligible employees. The liability on account of Gratuity is provided on the basis of valuation of the liability by an independent actuary as at the year end.

ii) Provident Fund

In accordance with applicable local laws, eligible employees of the Group are entitled to receive benefits under the provident fund, a defined contribution plan to which both the employee and employer contributes monthly at a determined rate (currently up to 12% of an employee's salary). These contributions are either made to the respective Regional Provident Fund Commissioner, or the Central Provident Fund under the State Pension Scheme, and are recognized as expenses incurred.

iii) Compensated Absences

The employees are entitled to accumulate leave subject to certain limits, for future

encashment and availment, as per the policy of the Group.

The liability towards such unutilized leave as at the end of each balance sheet date is determined based on independent actuarial valuation and recognized in the Statement of Profit and Loss.

1.15 Deferred Revenue Expenditure

Projects and other related expenditure incurred up to 31st March, 2019, the benefit of which is spread over more than one year is accounted as Project Promotion Expenses grouped under Other Advances and is amortized over the period in which benefits would be derived.

1.16 Leases

Leases are accounted as per Ind AS 116 which has become mandatory from 1st April, 2019.

Assets taken on lease are accounted as right-of-use assets and the corresponding lease liability is accounted at the lease commencement date. Initially the right-of-use asset is measured at cost which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The lease liability is initially measured at the present value of the lease payments, discounted using the Company's incremental borrowing rate. It is remeasured when there is a change in an index or a rate, or a change in the estimate of the guaranteed residual value, or a change in the assessment of purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right of-use asset, or is recorded in the Statement of Profit and Loss if the carrying amount of the right-of-use asset has been reduced to zero.

The right-of-use asset is measured by applying cost model i.e. right-of-use asset at cost less accumulated depreciation and cumulative impairment, if any. The right-of-use asset is depreciated using the straight-line method from the commencement date to the end of the

lease term or useful life of the underlying asset whichever is earlier. Carrying amount of lease liability is increased by interest on lease liability and reduced by lease payments made.

Lease payments associated with following leases are recognized as expense on straight-line basis:

- (i) Low value leases; and
- (ii) Leases which are short-term.

1.17 Earnings per Share (EPS)

In arriving at the EPS, the Group's Net Profit After Tax, is divided by the weighted average number of equity shares outstanding. The EPS thus arrived at is known as 'Basic EPS'. To arrive at the diluted EPS, the net profit after tax, referred above, is divided by the weighted average number of equity shares, as computed above and the weighted average number of equity share that could have been issued on conversion of shares having potential dilutive effect subject to the terms of issue of those potential shares. The date(s) of issue of such potential shares determine the amount of the weighted average number of potential equity shares.

1.18 Taxation

i) Current Tax

Provision for Current tax is made based on the liability computed in accordance with the relevant tax rates and provisions of Income Tax Act, 1961 as at the balance sheet date and any adjustments to taxes in respect of the previous years, penalties if any related to income tax are included in the current tax expense.

ii) Deferred Taxes

Deferred Tax is the tax expected to be payable or recoverable on differences between the carrying amount of the assets and liabilities for financial reporting purpose and the corresponding tax bases used in computation of taxable profit. Deferred tax assets are recognized and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such Deferred Tax Assets can be realized.

Current and deferred tax is recognized in profit or loss, except to the extent that it related to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

1.19 Commitments

Commitments are future liabilities for contractual expenditure.

Commitments are classified and disclosed as follows:

- a. Estimated amount of contracts remaining to be executed on capital account and not provided for;
- b. Uncalled liability on shares and other investments partly paid;
- c. Funding related commitment to subsidiary, associate and joint venture companies and
- d. Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/ procurements made in the normal course of business are not disclosed to avoid excessive details.

1.20 Operating cycle for current and non-current classification

Operating cycle for the business activities of the Group covers the duration of the specific project/contract including the defect liability period, wherever applicable and extends up to the realization of receivables (including retention monies) within the agreed credit period normally applicable to the respective lines of business.

1.21 Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit is adjusted for the effects of:

- i. transactions of a non-cash nature;
- ii. any deferrals or accruals of past or future operating cash receipts or payments; and

- iii. items of income or expense associated from investing or financing cash flows.

Cash and cash equivalents (including bank balances) are reflected as such in the Statement of Cash Flows

1.22 Exceptional Items:

Items of income and expenditure within profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the Group for the period, the nature and amount of such items are disclosed separately as Exceptional Items.

1.23 Borrowing Cost

Borrowing costs net of any investment income from the temporary investment of related

borrowings that are attributable to the acquisition or construction of a qualifying asset are capitalized as part of cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

Borrowing costs include interest expense calculated using the effective interest method, finance charges in respect of assets acquired on finance lease and exchange differences arising on foreign currency borrowings to the extent they are regarded as an adjustment to interest costs.

32.11 Capital management

For the purpose of the Group's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Group. The Group strives to safeguard its ability to continue as a going concern so that they can maximize returns for the shareholders and benefits for other stake holders. The aim is to maintain an optimal capital structure and minimize the cost of capital.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may return capital to shareholders, issue new shares or adjust the dividend payment to shareholders (if permitted). Consistent with other entities in the industry, the Group monitors its capital using the gearing ratio which is total net debt divided by total capital.

32.13 Financial risk management objectives and policies

The Group's activities expose it to a variety of financial risks like market risk, credit risk and liquidity risks. The Group's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Major financial instruments which are affected by market risk include loans and borrowings.

a. Interest rate risk

Majority of the Non-current (Long Term) borrowings of the Group bear fixed interest rate, thus interest rate risk is limited for the Group.

b. Foreign Currency Risk:

The Group's foreign Currency exposure details are as follows: ₹ in Lakhs

Particulars	Hedged/ Un-hedged	As at 31 st March, 2021		As at 31 st March, 2020	
		Foreign Currency USD in Millions	₹ Equivalent in Lakhs	Foreign Currency USD in Millions	₹ Equivalent in Lakhs

Foreign LC	Un-hedged	0.37	273.28	3.20	2,410.22

The Company undertakes transactions foreign currencies; consequently, exposures to exchange rate fluctuations arise. Transactions in foreign currency are recorded at the exchange rates prevailing on the date of transaction. Foreign currency monetary items outstanding at the balance sheet date are restated at the prevailing year-end rates. The resultant gain/loss upon such restatement along with gain / loss on account of foreign currency transactions are accounted in the Statement of Profit and Loss.

Foreign Currency sensitivity analysis

The above exposures when subjected to a sensitivity of 5% have the following impact: ₹ in Lakhs

Particulars	Impact on Profit after tax with increase in rate by 5%		Impact on Profit after tax with decrease in rate by 5%

US Dollar	71.80	208.35	(71.80)	(208.35)

(ii) Credit risk management

Credit risk is the risk that a customer or a counterparty to a financial instrument fails to perform or pay amounts causing financial loss to the company. The maximum exposure of the financial assets is contributed by trade receivables, work-in-progress/ unbilled revenue, cash and cash equivalents and receivables/loans from group companies.

Credit risk on trade receivables, work in progress/unbilled revenue is limited as the customers of the company mainly consist of the Government promoted entities, having strong credit worthiness. The company takes into account ageing of accounts receivables and the company's historical experience of the customers and financial conditions of the customers. During the current year the company had identified credit risk on certain financial instruments as below and has made the necessary provision for the same

₹ in Lakhs

Sl. No	Particulars	Balance As at 31 st March 2021	Accumulated Expected credit loss Amount
1	Trade receivables	24,518.72	3,677.81
2	Loans /advances	77,149.33	9,657.93

(iii) Liquidity Risk:

Liquidity Risk is defined as the risk that the Group will not be able to settle or meet its obligations on time or at a reasonable price. The Group's management and finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by the senior management.

32.14 Pursuant to the introduction of the Goods and Service Tax (GST), applicable indirect taxes have got subsumed into GST. The company has executed various Construction Contracts/projects of NHAI /other state and central government Departments and in majority of the cases, the work orders for these contracts were issued under the erstwhile previous tax laws and the additional impact on account of GST was recognized in the previous years as other receivables under "Other Current Assets" note. During the year the company has recovered substantial amount of GST dues and the balance amount will also be recovered in the due course.

32.15 The company has investment in Gayatri Hi-tech Hotels Limited ("Investee Company") in the form of 4% Compulsorily Convertible Cumulative Preferential Shares ("CCCPS") amounting to ₹ 19,571.95 Lakhs as at 31st March, 2021. The financial statements of Investee Company are prepared on a going concern basis though, it has incurred considerable losses and there has been significant erosion in the Net worth of the investee company as per the latest available financial statements of the investee company.

The ongoing Covid 19 pandemic and

implementation of lockdown in the county has significantly affected the operations of the investee company and the extent to which the COVID – 19 pandemic shall effect the operations of the investee company are depended on future developments which are uncertain. However, the fair valuation of the investment done by the registered valuer is not lower than the actual investment made by the company and further the management of the company is very confident that business operations of the investee company will get normalized at the earliest and generate sufficient cash flows. The CCCPS will be converted into equity shares of the investee company during the financial years 2027-28, which is very long period for realisation of investment or to analyse the actual investment value. Hence, considering the tenure of the investment and nature of the investment, the management of the company is of the view that no provision for diminution / impairment for carrying value of the investments is required to be made for the current financial year.

32.16 Gayatri Highways Limited, an associate company in which the company has investment of ₹ 16,770.00 Lakhs in the form

of Non-Convertible Preference Shares ('NCPS'), Equity Share Capital Investment of ₹ 1,248.00 Lakhs and also funded an amount of ₹ 24,778.49 Lakhs in the form of unsecured loan / subordinate debt as at 31st March, 2021. Further, as said the audited financial statements of the said Associate Company, it has been incurring operating losses during past few years. However, the financial statements of said associate company have been prepared on going concern basis as the promoters of the associate company have guaranteed support to the company and its management believes its investments in road projects will generate sufficient cash flows to support the company in foreseeable future. As at 31st March, 2021 the associate company has holding portfolio in seven Road Projects. The management of the company is of the opinion that considering the future cash flows of the company from the said road projects on account of various claims filed, annuities and Toll collections receivable will be sufficient to recover the amounts invested / advanced to the associate company and hence, in the opinion of the management no provision is required to be made for the NCPS investments made by the company and unsecured loan/subordinate debt receivable by the company from the said associate company for the year ended 31st March, 2021.

32.17 In the ordinary course of business, the Company had given Contract Advances to a sub-contractor which on mutual consent have been converted into interest bearing inter corporate loan. The said inter corporate loan of ₹ 18,676.14 Lakhs and interest thereon of ₹ 20,296.72 Lakhs is pending for recovery as at 31st March, 2021. The recovery of this loan along with interest thereon is delayed due to extraneous reasons like change in government policies, delay in execution of projects etc. However, the company has recovered considerable amounts during the previous financial years and the management is confident of recovering the balance amount in due course. Further, as per the information available with the company, the said sub-contractor is going to recover the money from sale of immovable properties assigned to it and also assured the company that the sale proceeds will be utilised for repayment of dues

to the company. In view of this, no provision for the same is required to be made in the financial statements of the company for the year ended 31st March, 2021.

32.18 One of the subsidiary of the associate company (herein after called as "concessionaire company" or "SMTL"), which has been awarded a Build-Operate-Transfer (BOT) work for construction of Four Laning of Panikoili-Rimuli section of NH-215 Road. The Company has to receive an amount of ₹ 24,472.04 Lakhs towards EPC cost from the said concessionaire company as on 31st March, 2021. Further, the company has given an irrevocable and unconditional Corporate Guarantee of ₹ 1,82,735.00 Lakhs to the lenders of the concessionaire company.

The Concessionaire Company has given termination notice to National Highways Authority of India (NHAI) due to irreparable loss of toll revenue from the road project and requested for termination payment of ₹ 2,29,667.00 Lakhs. Apart from the above said termination payment, the Concessionaire Company had filed claims with the NHAI under "Concessionaire's right to recover losses/ damages from the Authority on account of material default of the Authority for an amount of ₹ 97,449.00 Lakhs towards cost overrun claims attributable to the NHAI, which includes claims against EPC Escalation made on NHAI from EPC Contractor (GPL) for ₹ 51,752.00 Lakhs.

SMTL Road Project was terminated by the NHAI on 28th January, 2020 and toll collection rights were handed over to the NHAI from 30th January, 2020. The Concessionaire Company has requested the NHAI for referring the disputes such as Termination Payment and Claims to the Conciliation Committee of Independent Experts ("CCIE") as per NHAI policy. Further, the Concessionaire Company had filed petition on 21st December, 2019 against the NHAI before the Hon'ble High Court of Delhi, New Delhi requesting NHAI to deposit 90% of the Debt Due by the said Concessionaire Company.

In these circumstances, the NHAI vide its letter dated 31st March, 2020 has calculated the termination payment as ₹ 58,421.00 Lakhs unilaterally as against termination payment of ₹ 2,29,667.00 Lakhs and

released total amount of ₹ 44,575.00 Lakhs to Escrow Bank Account of the lenders of said Concessionaire Company and retained ₹ 13,846.00 Lakhs with it towards various counter claims and statutory deductions etc.,.

The Concessionaire Company has utterly disagreed with the termination payment calculated by the NHAI unilaterally and disputed the termination payment. The dispute pertaining to the termination payment along with the claims submitted by the Concessionaire Company are pending before the CCIE Committee.

As per the information and explanations given by the concessionaire company and based on the legal opinion obtained by it, the said concessionaire company will receive significant amount of compensation so as to settle dues to the lenders and the company. As per the available information and based on the discussions held with the lenders, the management is of the view that the possibility of invocation of Corporate Guarantee is remote. In view of this, the management is of the opinion that no provision is required to be made in respect of receivables and Corporate Guarantee for the year ended 31st March, 2021.

32.19 An amount of ₹ 3,620.49 Lakhs as on 31st March, 2021 is receivable from M/s Western UP Tollways Limited ('Erstwhile Associate Company or WUTPL') operating Meerut and Muzaffarnagar Section of NH-58 Road on BOT basis against the EPC works executed by the company during the previous years and the amounts shall be recovered out of the claims amounts received by the erstwhile associate company from NHAI. During the year, The Arbitration Tribunal has pronounced arbitration award of ₹ 12,443.03 lakhs which includes interest thereon of ₹ 6,405.15 lakhs and extension of concession period by 348 days. At the request of the M/s Western UP Tollways Limited, the above claims and the termination payment have been referred to the Conciliation Committee of Independent Experts ("CCIE") as per NHAI policy. The Management of WUTPL is very confident of getting the claims amounts from NHAI and assured the company by way of agreement, to pay the company its share upon receipt of claims and accordingly, in the opinion of the management of the company, no provision is required to be made in respect

of amounts receivable from the said erstwhile associate company in the audited financial statements for the year ended 31st March, 2021.

32.20 The Advances to Suppliers, Sub-contractors and others as at 31st March, 2021, includes an amount of ₹ 15,328.33 Lakhs given to one sub-contractor in the normal course of business. The recovery of this advance is delayed due to certain extraneous factors not attributable to the subcontractor. During the previous financial year, the company has recovered an amount of ₹ 15,199.00 Lakhs from the said sub-contractor. In view of this, the management is confident to recover the entire advances from the sub-contractor in due course and hence, no provision is required to be made in the financial statements for the year ended 31st March, 2021.

32.21 As per the Settlement and Supplementary Agreement dated 14th September, 2020 made between Gayatri Projects Limited ("the Company"), Gayatri Highways Limited ("GHL") – an Associate Company and IL&FS Financial Services Limited (IL&FS); the Company and GHL jointly and severally agreed to repay the balance principal loan amount of ₹ 8,409.10 Lakhs and Additional Interest of ₹ 865.00 Lakhs towards loan availed by GHL along with interest in eleven monthly instalments commencing from 15th September, 2020 and the entire amount to be paid on or before 15th July, 2021. The company & GHL have jointly paid an amount of ₹ 34.42 crores till date and the repayment of remaining loan instalments are pending since January, 2021.

32.22 The company is mainly engaged in the execution of road works allotted by the National Highways Authority of India and Irrigation related works given by various state governments. Due to various covid related lock down restrictions imposed across the country during the year, the work at major sites had got disrupted, however post relaxation of lockdown restrictions, the works have resumed and the company is recovering from the economic after effects of COVID-19 and works at various major sites are progressing well.

COVID –19 Pandemic impact and lockdown restrictions caused temporary stress on the working capital management. As stated above, the company is mainly executing government related works, it is estimated that there will be no

defaults in receivables of the company and there will be no cancellation / suspension of works allotted to the company. In view of the above, the COVID-19 pandemic impact on the business operations of the company is temporary in nature and it will not impact the continuity of the business operations of the company. However, the Company will closely monitor the future developments and economic conditions across the country and assess its impact on the financial statements.

32.23 Debt Resolution Plan:

The company is facing severe liquidity constraints over the last few months on account of cash flow mismatch. In view of this, the company has proposed a resolution plan to the lending consortium, which essentially involves sources to meet the repayment debt service obligations through monetization of arbitral awards, monetization of Claims under process either through a Conciliation & Settlement Mechanism, disposing of non-core assets and cash flows from normal operations of the Company. As a part of the resolution plan, the lending consortium has signed an Inter-Creditor Agreement (ICA) on 18th March, 2021.

32.24 During the previous financial years, the subsidiary company (i.e. GEVPL) had entered into Master Shareholders agreement with Sembcorp Utilities PTE Ltd (SUPL), Sembcorp Energy India Limited (formerly Thermal Power Corporation India Limited) (SEIL) and Sembcorp Gayatri Power Limited (SGPL). Pursuant to this agreement, the subsidiary company has an option to exercise the call option of purchasing 5.88% of shareholding of SEIL i.e, 30,33,30,925 shares. Further during the previous year, pursuant to the Share Purchase Agreement entered by the subsidiary company with the Sembcorp Utilities Pte. Ltd., the subsidiary company had sold its entire investment in SEIL. However pursuant to the Share Purchase Agreement, the subsidiary company is entitled for earnout on the call option shares and the same shall be payable by the purchaser only upon the occurrence of a Liquidity Event which is no later than 25th May, 2022.

32.25 During the preceding financial years the subsidiary company (i.e. GEVPL) had issued

99,25,000 number of 9% OFCD's amounting to ₹ 992.50 Lakhs. During the previous year from the proceeds of sale of investment in M/s. Sembcorp Energy India Ltd (SEIL), the subsidiary company had paid an amount of ₹ 600.00 Lakhs to the debenture holders and the remaining amount payable as at 31st March, 2021 to the debenture holders as per the subsidiary company's books of accounts is ₹ 633.90 Lakhs. As the discussions are going on about full and final settlement amount, the interest on OFCDs has not been accounted for the financial year. In view of accumulated losses in the subsidiary company and its inability to realize the entire amount from sale of the investment in SEIL, the subsidiary company has initiated negotiation/discussion with Debenture holder to settle the final amounts payable to them and as at balance sheet date, the negotiations are inconclusive.

32.26 During the preceding financial years, the subsidiary company (i.e. GEVPL) had made an investment/ advance/ share application money to Jimbhuvish Power Generation Private Limited and Jimbhuvish Power Project Limited to set up a coal-based power plant in Maharashtra and as on 31st March, 2021 the total amount infused in the form of investment/advance/ share application money is ₹ 5544.45 Lakhs. The Subsidiary Company had decided to exit from the said power project and in this regard entered into an Exit Agreement on 25th May, 2013, which was subsequently amended by various letter agreements and as per the latest agreement the company shall exit from the said power project by 31st October, 2021. Though there has been a significant delay in exiting from the above investments, the management is confident to recover the entire investment amount in the immediate subsequent financial year as per the Exit Agreement and hence, in the opinion of the management no provision is required to be made in the carrying value of the Investment. However, as a matter of prudence and in compliance with the Ind AS requirement, an amount of ₹ 1,272.28 Lakhs has been provided towards provision for credit loss of the advance amount & Share Application Money infused by the subsidiary company.

32.27 During the preceding financial years, the step down subsidiary company (i.e. BTPCL), had given

Contract Advance of ₹ 2,155.05 Lakhs towards execution of road works at proposed Thermal Power Project site. As the said contract work was not executed due to various factors such as pending coal allotment and non-acquisition of complete proposed project land, etc, the Mobilisation Advance has not been adjusted / recovered. The management of the step-down subsidiary company considering the nature of advances and the long pending recovery of the same, had during the previous years provided an Expected Credit Loss (ECL) of ₹ 1,083.61 Lakhs and is in the process of estimating if any further ECL/provision is to be made regarding the said Contract Advance.

32.28 The Cabinet Committee on Economic Affairs (CCEA) vide its “measure to revive construction sector – reg” had approved partial (75%) interim payment of challenged arbitral awards by the Government entities to contractors/ concessionaires against a bank guarantee. Pursuant to such measures announced, the company had received a sum of ₹ 21,044.83 lakhs as partial (75%) interim payment towards an arbitration amount and the amount so received during the current financial year has been reduced from the outstanding claims receivables disclosed in other current assets.

32.29 During the previous years, pursuant to various agreements entered between the subsidiary company, Sembcorp Gayatri Power Ltd (SGPL), Sembcorp utilities Pte. Ltd (SUL), Sembcorp Energy India Ltd (SEIL) and NCC Infra Holding Ltd (NCCIHL) (associate company) for the reorganization of SembCorp group’s power portfolio in India to consolidate its beneficial holdings in SGPL, the subsidiary company had sold its partial investment in NCCIHL to NCC

Limited. Further, pursuant to the agreement, the subsidiary company had agreed to sell its remaining shares held in NCCIHL to NCC Limited on a mutually agreed price on receipt of “subsequent tranche letter” from NCC Limited. The subsidiary company is yet to receive the letter to sale the investment as at 31st March, 2020 and hence, the effect of transfer of shares will be recognized on transfer of shares. Further, the subsidiary company has invested in Equity Shares of ₹ 28,969.35 Lakhs in the associate company during the previous years and as per the audited financial statements of the associate company, it has been incurring losses during the past few years and accumulated losses have affected the net-worth of NCCIHL. The subsidiary company has conducted the Risk Assessment of its assets including its investment in NCCIHL. In accordance with the same, the management of the subsidiary company is of the opinion that no provision is required to be made for the diminution in the carrying value of the equity investments made by the subsidiary company for the year ended 31st March, 2021.

32.30 The Code on Social Security, 2020 (“Code”) relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period when the Code becomes effective.

32.31 Previous year figures are regrouped / reclassified to match with the current year presentation.

32.32 All amounts are rounded off to the nearest Thousands.
