Indian economic outlook

In the last few years, India's economic growth has accelerated, and during FY 2018, it overtook France as the world's sixth-largest economy, according to World Bank data. In the last decade itself, India has almost doubled the size of its economy as its GDP rose by an average of 8.3% from \$1.201 Trillion in

FY 2007 to \$2.597 Trillion in FY 2017. As the country brushes off the lingering effects of demonetisation and the implementation of the Goods and Services Tax (GST), its consistent GDP growth will ensure it continues the trajectory to become an economic powerhouse.

Infrastructure sector in India

Infrastructure support for the economy is crucial at this juncture of India's economic progress. The Government of India (GoI) is focussed on developing world-class infrastructure to expedite the nation's development as is evidenced by the increasing allocation of budgetary resources towards the sector. In Union Budget 2018-19, the GoI allocated ₹ 5.97 Trillion towards the infrastructure industry. A major proportion of this allocation is set aside for the roads and highways sector as rural and border connectivity and urban expressway expansion are the key to India's transportation network. Apart from roads and highways, the infrastructure industry also encompasses irrigation, civil works for industrial projects, power, telecom and railways, among others. According to the GoI, India requires investments worth ₹ 50 Trillion in infrastructure by 2022 for the country's sustainable development.

Roads and highways

As part of its new integrated infrastructure-planning model, the GoI unveiled the largest-ever road budget of ₹ 1.21 Trillion in FY 2019. Almost 60% of all goods and over 80% of all passenger traffic are transported through India's road network and hence, improved connectivity within the remotest of locations in the country is of prime importance. Data from the Ministry of Road Transport and Highways suggests that in FY 2018, over 122,400 km of highways were constructed at an average pace of 28 km per day.

Additionally, the GoI has also been streamlining the process for obtaining various clearances, driving faster execution for private players partnering India's infrastructure growth. The public-private partnership (PPP) mode of project allocations has been constantly evolving to ensure higher transparency, as well as improved stability for private players within the infrastructure sector.

The GoI has approved the 'Bharatmala Pariyojana', which is a centrally sponsored and funded road and highways project. The total investment for this ambitious project is estimated at ₹ 5.35 Trillion, making it the single largest outlay for a government road construction scheme. The project will build highways from Gujarat and Rajasthan, move to Punjab and then cover the entire string of Himalayan states – Jammu and Kashmir, Himachal Pradesh and Uttarakhand. It will then traverse portions of borders of Uttar Pradesh and Bihar, alongside the Terai region, finally moving to West Bengal, Sikkim, Assam, Arunachal Pradesh, and stretch right up to the Indo-Myanmar border in Manipur and Mizoram. Special emphasis will be put on providing connectivity to far-flung border and rural areas including the tribal and backward regions.

One of the most effective methods of infrastructure project allocation is the engineering, procurement and construction (EPC) contract, which ensures a clean balance sheet for the private enterprise involved in the project. Other methods of project awards include Build, Operate and Transfer (BOT), Hybrid Annuity Model (HAM) and Toll, Operate and Transfer (TOT). While the HAM method is becoming popular, the EPC mode of project award continues to be the one with the highest guarantee for success.

The National Highways Authority of India (NHAI) plans to build 50,000 km of roads by 2022 as part of a long-term goal of doubling the length of the national highway network to 200,000 km. Accordingly, Union Minister for Road Transport & Highways, Shri. Nitin Gadkari, has set the national highway project award target at 20,000 km for the current financial year, which is 25% higher than the previous year. Highway construction target for

FY 2019 was fixed at 16,420 km with a per day construction rate of 45 km.

Irrigation

As stated by Federation of Indian Chambers of Commerce and Industry (FICCI), India accounts for ~17% of the world's total population but only 4% of the total global freshwater resources. The informal agriculture sector continues to be India's primary industry and source of huge employment, which has compelled the Gol to increase its focus on developing this space. Out of a total ₹ 140.13 Million ha of sown area, India's net irrigated area is ₹ 68.38 Million ha while ₹ 71.74 Million ha remains un-irrigated. The Gol launched the Pradhan Mantri Krishi Sinchayee Yojana (PMKSY) in FY 2016 to bridge this gap by combining ongoing schemes of micro irrigation.

In Union Budget 2018-19, Gol allocated ₹ 26 Billion to PMKSY — Har Khet Ko Pani Scheme for 96 irrigation-deprived districts. Micro-irrigation has been marked as one of the priority areas for development and an exclusive fund is being set up for it same at National Bank for Agriculture and Rural Development (NABARD). The FY 2018 target for coverage under micro-irrigation programmes stood at ₹ 1.2 Million ha. Thus, untapped potential in the micro-irrigation industry totalled at ₹ 70 Million ha.

Other infrastructure avenues

Apart from roads, highways and irrigation, the Gol has increased its focus on other infrastructure segments including power, mining, land development and railways, among others. For the last three-to-four years, private investment in industrial infrastructure has been sluggish, which was further hindered by economic disruptions due to demonetisation and GST transition. However, the Gol is initiating policies to revive the private capital expenditure (capex) cycle. Industry experts believe that the private investment cycle will energise after the 2019 general elections.

An overview of Gayatri Projects Limited

At Gayatri Projects Limited (Gayatri), we have evolved into one of India's leading construction and infrastructure companies with a dedicated focus on asset-light EPC operations. We have over five decades of experience in execution of major civil works. Our operations are spread across 19 states in the country. With a strong execution track record, robust order pipeline that provides high revenue visibility and an 'asset-light' business model, we are on the road to sustainable growth.

Business capabilities

Founded in 1963, Gayatri evolved into a pure-play EPC company with a robust market share in diverse infrastructure segments. It has over five decades of experience, during which it has witnessed several business cycles. Today, it has emerged as a strong and efficient organisation that solely focusses on asset-light EPC work.

The Company has an excellent execution track record driven by its asset-light strategy, a robust execution team and experienced management. Over the last 25 years, Gayatri has built over 6,850 lane km of roads. And in the last 5 years, it has completed over 40 projects aggregating to ₹ 90 Billion. The Company has already incurred a large part of its capex for the next two years and now owns an extensive fleet of 2,300 pieces of construction equipment. Gayatri is concentrating on building a technology-driven execution process using IoT and cloud-computing to increase efficiency in project completion and

optimum asset utilisation. It is also introducing Unmanned Aerial Vehicles (UAVs) to improve overall performance.

The Company enjoys a high medium-term revenue growth visibility driven by its large order wins. Its order book stood at ₹ 131 Billion as on 31st March, 2018, and it has already bagged fresh orders worth almost ₹ 50 Billion in the first quarter of FY 2019. The large order inflow ascribes to a book-to-bill ratio of 4.5x, which offers the Company a revenue visibility for at least the next three years.

Gayatri has always believed in diversification to avoid over-dependence on any one sector or geography. Thus, in terms of business segments, roads and highways contribute the major portion of the order book (~60%), followed by irrigation at 25%. Other avenues like mining, power, land development and railways form the rest of the order book. With respect to geographical diversification, our Company has operations in almost 19 states in India. Uttar Pradesh (17%) and Odisha (21%) are the two largest contributors to the order book followed by Telangana (10%), Maharashtra (6%), Jammu & Kashmir (10%) and Andhra Pradesh (11%).

Order book share of the various business segments (%)

The Company has undertaken deleveraging initiatives by focussing its attention on creating an asset-light model by reducing or monetising its exposure to asset development business. During the reporting period, Gayatri demerged its BOT road portfolio into a new entity, Gayatri Highways, which is now separately listed on India's stock exchanges. The new enterprise contains the Company's four annuity and three toll highway BOT projects. Similarly, the Company is also looking to monetise a 6% investment in Sembcorp, which is developing a 2,640 MW power complex; and has already filed the Draft Red Herring Prospectus (DRHP) with Securities and Exchange Board of India (SEBI) for an initial public offering (IPO).

Digital revolution

Gayatri aims to be a pioneer in digitisation of India's construction industry. Its objective is to optimise the utilisation of machinery and equipment using enhanced software and processes. It is, therefore, using technologies like Internet of Things (IoT), cloud computing and others to technologically upgrade its systems. The implementation of these technologies will allow the Company to track all projects in real-time and accordingly, assist the project costs reconciliation.

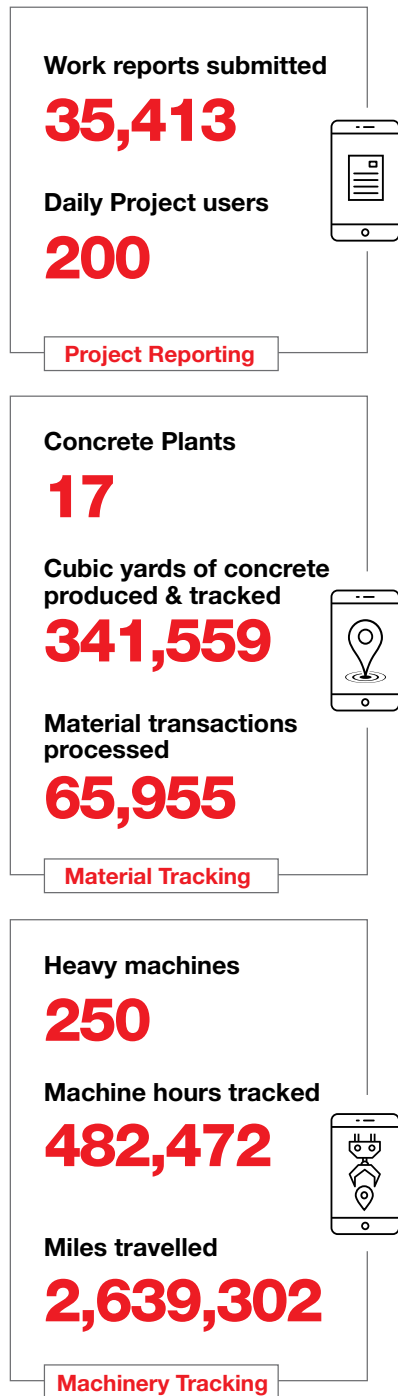

The Company is adopting a Digital Project Management System (DPMS), which will use web or mobile applications for live project reporting and an IoT plant unit to track all materials being used in particular projects. Additionally, the DPMS will include an IoT vehicle unit for tracking dump trucks and heavy

machinery and ensure their most efficient and cost effective use. The application of the new technology architecture will assist in projects costs reconciliation, at any given point, making processes and teams more productive and efficient.

Pilot project for digitisation

Gayatri's pilot project for digitisation currently includes three national highway projects worth approximately ₹ 32,500 Million covering over 300 km of roads.

Scale of pilot project

The pilot project with DPMS has been successful as the Company observed improved coordination of resources, optimal

utilisation of time, assets and funds, as well as more efficacy in operations.

The Company now aims to roll out DPMS to all its heavy civil construction projects in the next 18 months. Along with roads and highways, the digitisation drive will be extended other sectors as well, including irrigation, railway and land development projects. At the end of the 18-month period, the Company expects to operate at least 90% of its order book within the DPMS framework.

The Company executed Package 6 of the Eastern Peripheral Expressway smoothly with the help of DPMS. Eastern Peripheral Expressway is a marquee six-lane highway project of the Government of India, which runs through Haryana and Uttar Pradesh. It was a high-priority project for NHAI as it was designed to decongest traffic in the National Capital Region (NCR) region and reduce pollution. Gayatri bagged a part of the project (Package 6) and demonstrated superior execution prowess with the help of DPMS to complete it ahead of schedule. The project was successfully completed within 708 days, when the allotted construction period was of 910 days. The Company received an appreciation letter from the NHAI acknowledging the same.

FY 2018 performance

Gayatri closed FY 2018 with revenues of ₹ 29,123 Million, a growth of more than 37% over the last year. This led to an EBITDA of ₹ 4,677 Million, up 45% on a year-on-year basis. FY 2018 EBITDA margins crossed 16% compared to 14% in the previous year. Due to reduced interest costs on the back of balance sheet deleveraging, Profits After Tax (PAT) grew more than 150% to ₹ 1,881 Million as against ₹ 704 Million in FY 2017.

FY 2018 proved to be a transformational year for the Company. It delivered on all its promises and forged ahead with key deliverables that demonstrated its superior growth and balance sheet.

Improved debt-to-equity ratio

By deleveraging its balance sheet, monetising and demerging its non-core assets and shifting focus to an asset-light strategy, Gayatri managed to bring down its debt-to-equity ratio from 2.5x in FY 2017 to 1.5x in FY 2018.

Enhanced return ratios

With conscious effort towards strengthening its balance sheet, the Company delivered higher return ratios to improve shareholder value. Return on Equity (RoE) exceeded the 20% mark for the first time in 10 years in FY 2018, which stood at 20.2%. The Company now has some of the highest return ratios in India's construction industry with Return on Capital Employed (RoCE) at 15.2% vis-à-vis 10.8% the previous financial year.

Industry-leading EBITDA margins

The Company has the highest market share of NHAI's EPC project awards and maintains its industry-leading EBITDA margins of over 16% by capitalising on its improved balance sheet, strong past track record and robust execution team.

High bank guarantees

The deleveraging of the balance sheet has not only improved its return ratios but also the Company's bank guarantee limits. Gayatri has existing bank guarantees of ₹ 37 Billion that can potentially allow it to maintain an order book of over ₹ 200 Billion.

Reduced working capital cycle

Over the years, the Company has improved its working capital cycle by improving its execution capabilities and forging strong enduring relationships with its customers and suppliers. It has successfully decreased its 127-days working capital cycle in FY 2013 to a 78-days cycle in FY 2018. This transformation was supported by a sharp decline in the inventory days as the Company continued to move towards an asset-light business model supported by the DPMS.

Looking ahead

Going forward, the Company expects to continue its superior growth trajectory supported by operational efficiencies and technological interventions. It will pursue further deleveraging of the balance sheet and maximise free cash flows to improve shareholder returns. The Company is on track to achieve RoE and RoCE growth rates in the range of mid-twenties, as well as debt-to-equity ratios below 0.5x over the next two to three years.

The Company will also continue to focus on further strengthening its balance sheet and order inflows. While the Company has guided for an annual new order intake of more than ₹ 60 Billion in FY 2019, we have already bagged new orders worth ₹ 50 Billion in Q1 FY 2019 and expect the order inflows to exceed the stated guidance in FY 2019. It is confident that any shortfalls in FY 2020 due to the general elections can be fulfilled during the current financial year itself. Ultimately, the Company expects to maintain a book-to-bill ratio in excess of 3x.

Gayatri expects revenue growth of 25-30%, increase in PAT growth 35-40%, and EBITDA margins above 16% over FY 2019 and FY 2021 period. Additionally, the Company is confident of its abilities to create sustainable value for its stakeholders in the coming years.

Risks and concerns

Competition risk: The Company operates in the Gol's key focus sectors and hence, faces competition from various other players wanting to partner India's growth story. This can create potential price wars, which will eat into the Company's financials. Gayatri, however, bids for only EPC contracts from both the central and state governments rather than concentrating on the HAM model. This pure-play EPC model is not followed by many other well-established construction companies, and hence, the Company continues to grow its market share and maintain and improve its margins.

Capital risk: Due to the capital-intensive nature of the infrastructure industry, access to capital for project completion is the key to success. Non-availability of capital can be detrimental

to a project's continuity. Gayatri has, over the past four years, made conscious efforts towards balance sheet deleveraging, resulting in reduction of the debt-to-equity ratio. This improved ratio coupled with the Company's robust track record has instilled confidence in the bankers, ensuring bank guarantees.

Raw material risk: The availability of key raw materials on time is crucial for successful execution of projects. Volatility in the prices or supply of raw materials can impact project financing and cash flows. To mitigate this risk, the Company has maintained long-standing relationships with its suppliers and vendors.

Labour Risk: Workers are very important for each project and form the most valuable asset for any construction company. Extraordinary attritions can lead to severe problems in operations. Thus, the Company has adopted several employee engagement initiatives that include a wholesome training and motivation programme for all employees. At the same time, the Company ensures a healthy, safe and secure environment for all its workers and employees.

Human resources

Gayatri is committed to maintaining an environment that encourages its people to perform to their full potential and allows them to grow professionally, as well as personally. The Company offers processes and systems that are designed to empower its people and enable innovation within the workplace. It offers 'no subcontracting' projects, and hence, every employee is a partner in the Company's growth story. Gayatri continuously invests in the development of its human resources through measures aimed at talent acquisition, development, motivation and retention. The Company further offers personal accident insurance for all its employees. Gayatri had 2,653 employees as on 31st March, 2018.

Internal control and risk management systems

The Company has a well-defined and elaborate Risk Management procedure, which is based on three pillars: Business Risk Assessment, Operational Controls Assessment and Policy Compliance processes. The Risk Management Committee monitors the key risks in the various business segments and evaluates strategies to mitigate them. It also reviews each tender carefully for any potential risks before the bidding process begins. The Company's internal control systems are commensurate with the nature of its business. They are tested periodically and certified by Statutory as well as Internal Auditors. The Audit Committee reviews the adequacy and effectiveness of the internal control environment and monitors the implementation of audit recommendations. The Company has a qualified and independent audit committee, which comprises all the Independent Directors of the Company.

Review of Operations

The Operational Revenue during the year under review has increased to ₹ 291231.24 Lakhs as against from ₹ 211535.05 Lakhs in the previous year registering year on year growth of 37.67%. The growth in revenue is driven by the strong order book of the company.

The Company EBITDA margins during the year have increased to 16% as compared to 14% in the previous year mainly on account of better monitoring and systems introduced by the company. The Company's PBT margins improved to 6.27% in FY 2018 from 3% in previous year due to cost control measures introduced by the company. The PAT margins improved to 6.46% in FY 2018 from 3.33% in the previous year on account of the reversal of excess income tax provision made in the previous year.

The company's order book continues to grow at healthy rate and stood at 13,250 crores as on 31st March 2018. The composition of works in order book are Roads: 60.02%, Irrigation: 26.48%, Industrial: 11.77% and Others 1.73%.

Future Outlook

The Indian economy has recovered following the aftermath of demonetization with global rating agencies upgrading their ratings for the country. During the year, the Goods and Services Tax (GST) was rolled out to replace different rates of taxes across the country. GST subsumed several different taxes and unified the Indian market. In spite of the initial hiccups, the system is now much more stable. The Indian economy is showing signs of revival and International Monetary Fund (IMF) reaffirmed that India will be the fastest growing major economy in 2018, with a growth rate of 7.4 per cent that rises to 7.8 per cent in 2019 with medium-term prospects remaining positive.

The Government of India taking every possible initiative to boost the infrastructure sector, mainly highways, renewable energy and urban transport. In the Union Budget 2018 Government has given massive push to the infrastructure sector by allocating ₹ 5.97 lakh crores for this sector.

Yours Company as a leading construction company with experienced staff and machinery is in advantageous position to benefit from the Government investment in infra sector. Your Company is committed to continue to work towards improving the order book and profits. Your Company is also exploring to venture into new areas within the infrastructure sector for better margins and less competition.

The present order book of the company is at ₹ 13,250.10 crores as at 31st March 2018 and the company is planning to improve the same to higher level during the year.

Dividend

As per the conditions stipulated by the lenders in the Master Restructuring Agreement, which is in force, approval of the lender is required for declaration of dividend to the shareholders. The lenders of the Company have not accorded their approval for dividend for the financial year ended March 31, 2018.

Form No - MR-3 Secretarial Audit Report

For the Financial Year Ended 31st March, 2018

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members
M/s. GAYATRI PROJECTS LIMITED
Hyderabad, Telangana State.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s. GAYATRI PROJECTS LIMITED (CIN: L99999TG1989PLC057289)** (hereinafter called the “Company”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period ended on **31st March, 2018** ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **M/s. GAYATRI PROJECTS LIMITED** for the period ended on **31st March, 2018** according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the Rules made there under;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made there under;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- iv. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') to the extent applicable to the Company:-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992 and The Securities and Exchange Board of India

Corporate Governance Report

(As required by Regulation 34 read with schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015)

A. Mandatory Requirements

I. Company's Philosophy On Corporate Governance

Company's philosophy on corporate governance encompasses not only regulatory and legal requirements, such as the terms of listing agreements with stock exchanges, but also several voluntary practices aimed at a high level of business ethics, effective supervision and enhancement of value for all stakeholders. Gayatri Projects Limited is committed to doing business in an efficient, responsible, honest and ethical manner. Corporate governance practice goes beyond compliance and involves a company-wide commitment. This perspective has to become an integral part of business to ensure fairness, transparency and integrity of the management. Good corporate governance provides an appropriate framework for the Board, its committees and the executive management to carry out the purposes that are in the interest of the Company and the Stakeholders.

The company's core philosophy on the code of corporate governance is to ensure:

- Fair and transparent business practices.
- Accountability for performance.
- Compliance of applicable statute
- Transparent and timely disclosure of financial and management information.
- Effective management control and monitoring of executive performance by the Board.

- Adequate representation of professionally qualified non executive and independent Directors on Board.

Company has adopted Code of Conduct which articulates the values, ethics and business principles and serves as a guide to the Company, its directors and employees supplemented with an appropriate mechanism to report any concern pertaining to non-adherence to the said Code. Independent Auditor's Report

To the Members of Gayatri Projects Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying standalone Ind AS financial statements of **Gayatri Projects Limited** ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements to give a true and fair view of the financial position, financial performance (including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, (as amended). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018 and its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Annexure A to the Auditor's Report

The Annexure referred to in the Independent Auditors' Report to the members of the Company on the standalone Ind AS financial statements for the year ended 31st March, 2018, we report that:

- i. In respect of Fixed Assets:
 - a. In our opinion and as per the information and explanations given to us, the Company has maintained proper records showing particulars, including quantitative details and situation of fixed assets;
 - b. The management of the company has verified the fixed assets at reasonable intervals during the year. According to the information and explanations given to us, no material discrepancies were noticed on such physical verification.
 - c. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- ii. According to the information and explanations given to us, the inventories have been physically verified during the year by the management. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on physical verification of inventories as compared to the book records, which in our opinion were not material, have been properly dealt with.
- iii. According to information and explanations given to us, the Company has granted unsecured Loans of ₹ 29,385.00 Lakhs to parties covered in the Register maintained under section 189 of the Companies Act, 2013. In respect of such loans,
 - a. In our opinion and according to information and explanations given to us, the terms and conditions of such loans given by the Company are not prima facie prejudicial to the interest of the company.
 - b. The Schedule of repayment of the principal and interest has not been stipulated as the principal amount is repayable on demand.
 - c. There is no repayment schedule and therefore there is no overdue amount.
- iv. According to information and explanations given to us and in our opinion, the company has complied with the provisions of sections of 185 and 186 of the Act, to the extent applicable, in respect of grant of loans, making investments and providing guarantees and securities.
- v. According to the information and explanations given to us, the Company has not accepted any deposits from public within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended) during the year. Accordingly the provisions of clause 3(v) of the Order are not applicable to the Company.
- vi. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended and prescribed by the Central Government under section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- vii. In respect of statutory dues
 - a. According to the information and explanations given to us, and based on our examination of records of the Company, amounts deducted/ accrued in the books of accounts in respect of statutory dues including provident fund, income tax, value added tax, goods and service tax, cess and other material statutory dues have been regularly deposited during the year by the Company with appropriate statutory authorities.
 - b. According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, service tax, sales-tax, goods and service tax, duty of custom, duty of excise, value added tax, Cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
 - c. According to the information and explanation given to us, there are no dues of Sales tax, Income Tax, Wealth Tax, Service Tax, Customs Duty, Goods and Service Tax, and Cess which have not been deposited as on 31st March, 2018 on account of any dispute, except the following:

Sl. No.	Name of the Statute	Name of the Tax Due	Forum where Dispute is pending	Amount ₹ in Lakhs	Financial Years

Annexure B to the Auditor's Report

The Annexure referred to in the Independent Auditors' Report to the members of the Company on the standalone Ind AS financial statements for the year ended 31st March 2018:

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Gayatri Projects Limited** ("the Company") as of 31st March 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1. Corporate Information

Gayatri Projects Limited ("GPL", "the Company") is one of the largest infrastructure company executing works in several high growth sectors within the infrastructure space such as Roads, Irrigation, Rail, Airports Development, Power, Mining and Industrial works.

The Company is a public limited Company which is listed on two recognized stock exchanges in India. The registered office of the Company is located at B1, 6-3-1090, TSR Towers, Rajbhawan Road, Somajiguda, Hyderabad 500 082.

2. Significant Accounting Policies

2.1 Compliance with Indian Accounting Standards (Ind AS)

The Company's Financial statements have been prepared to comply with generally accepted accounting principles in accordance with the Indian Accounting Standards (herein after referred to as "Ind AS") as notified by the Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act 2013 ("the Act") read with rule 3 of the Companies (Indian Accounting Standards) Rules 2015 and Companies (Indian Accounting Standards) Amendments rules 2016.

2.2 Basis of Preparation and Presentation of Financial Statements

The Financial statements are prepared on accrual basis following the historical cost convention except in case of certain financial instruments which are measured at fair values. The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed under Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Indian Accounting Standard (Ind AS) - 7 on "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with other notes required to be disclosed under the notified Ind AS and the Listing Agreement. Further, the guidance notes/ announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory promulgations viz. SEBI guidelines override the same requiring a different treatment. Accounting Policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the accounting policy used previously.

Fair value for measurement adopted in these financial statements is determined on such a basis, except leasing transactions that are within the scope of Ind

AS 17, Net Realizable value as per Ind AS 2 or value in use in Ind AS 36. Fair value measurements under Ind AS are categorized as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are other than quoted prices included with in Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or Liability.

2.3 Use of Estimates

The preparation of financial statements in conformity with Ind AS requires the management of the Company to make estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as on the date of the financial statements. Actual results may differ from these estimates. The Company evaluates these estimations and assumptions on a continuous basis based on the historical experience and other factors including expectation of future events believed to be reasonable. Examples of such estimates include the useful lives of tangible and intangible fixed assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, estimation of costs as a proportion to the total costs, etc.. Appropriate changes in estimates are made as the management becomes aware of changes in circumstances. Difference, if any, between the actual results and estimates is recognized in the period in which the results are known/ materialized. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material, are disclosed in the Notes to Account.

2.4 Revenue Recognition

A. Revenue from Operations

a. Revenue from Construction activity:

- i) Income is recognized on fixed price construction contracts in accordance with the percentage of completion basis, which necessarily involve technical estimates of the percentage of completion, and costs to completion, of each contract / activity, on the basis of which profits and losses are accounted. When the outcome of the contract is ascertained reliably, contract revenue is recognized at cost of work performed on the contract plus proportionate margin,

using the percentage of completion method. Percentage of completion is the proportion of cost of work performed up to the date, to the total estimated contract costs

- ii) The stage of completion of contracts is measured by reference to the proportion that contract costs incurred for work performed up to the reporting date bear to the estimated total contract costs for each contract
- iii) Price escalation and other variations in the contract work are included in contract revenue only when:
 - a) Negotiations have reached at an advanced stage such that it is probable that customer will accept the claim and
 - b) The amount that is probable will be accepted by the customer and can be measured reliably.
- iv) Incentive payments, as per customer-specified performance standards, are included in contract revenue only when:
 - a) The contract has sufficiently advanced such that it is probable that the specified performance standards will be met; and
 - b) The amount of the incentive payment can be measured reliably.
- v) Contract Claims raised by the company which can be reliably measured and have reached an advanced stage of arbitration and claims pending in High courts have been recognized as income including eligible interest thereon.

b. Contract Revenue from supply of materials: Revenue from supply of materials is recognized when substantial risk and rewards of ownership are transferred to the buyer and invoice for the same are raised.

c. Revenue receipts from Joint Venture Contracts

- i) In work sharing Joint Venture arrangements, revenues, expenses, assets and liabilities are accounted for in the Company's books to the extent work is executed by the Company.
- ii) In Jointly Controlled Entities, the share of profits or losses is accounted as and when dividend/ share of profit or loss are declared by the entities.

d. Other Operational Revenue:

- i) All other revenues are recognized only when collectability of the resulting receivable is reasonably assured.
- ii) Revenue is reported net of discounts, if any.

B. Other Income

- i) Interest income is accounted on accrual basis as per applicable interest rates and on time proportion basis taking into account the amount outstanding.
- ii) Dividend income is accounted in the year in which the right to receive the same is established.
- iii) Insurance claims are accounted for on cash basis.

2.5 (a) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost of acquisition, less accumulated depreciation thereon. Expenditure which are capital in nature are capitalized at cost, which comprise of purchase price (net of rebates and discounts), import duties, levies, financing costs and all other expenditure directly attributable to bringing the asset to its working condition for its intended use.

Any gain/loss on the disposal of the Property, Plant and Equipment is recognized in the Statement of Profit & Loss account and is determined as the difference between the sales proceeds and the carrying amount of the asset.

(b) Capital work in progress

Property, Plant and Equipment which are purchased but not yet installed and not ready for their intended use on the date of balance sheet are disclosed as "Capital Work-in-Progress". Cost of materials used in the process of erection/installation of an asset but not yet completed as on the reporting date is also disclosed as "Capital Work-in-Progress".

2.6 Depreciation and amortization

In respect of Property, Plant & Equipment (other than Land and Capital Work in Progress) depreciation / amortization is charged on a straight line basis over the useful lives as specified in Schedule II to the Companies Act 2013.

Assets individually costing ₹ 20,000/- or less and temporary structures are fully depreciated in the year of acquisition.

The residual values and useful lives are reviewed at the end of the reporting period.

2.7 Impairment of Non-Financial Assets

As at each Balance Sheet date, the Company assesses whether there is an indication that a non-financial asset may be impaired and also whether there is an indication of reversal of impairment loss recognized in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Company determines the recoverable amount and impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- In case of an individual asset, at the higher of the Assets' fair value less cost to sell and value in use; and
- In case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of cash generating unit's fair value less cost to sell and value in use.
- In assessing Value in Use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specified with the asset. In determining fair value less cost to sell, recent market transactions are taken into account. If no such transaction can be identified, an appropriate valuation model is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the Statement of Profit and Loss, except for properties previously revalued with the revaluation taken to Other Comprehensive Income (OCI). For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through the Statement of Profit and Loss.

2.8 Financial Instruments

Financial Assets and Financial Liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial Assets and Financial Liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets and Financial Liabilities (other than Financial Assets and Financial Liabilities at fair value through profit or loss) are added to or deducted from the fair

value of the Financial Assets or Financial Liabilities, as appropriate, on initial recognition.

2.9 Financial Assets

Financial Asset is any Asset that is -

- (a) Cash
- (b) Equity Instrument of another Entity,
- (c) Contractual right to -
 - i) receive Cash / another Financial Asset from another Entity, or
 - ii) exchange Financial Assets or Financial Liabilities with another Entity under conditions that are potentially favourable to the Entity.

Investment in Equity Shares issued by Subsidiary, Associate and Joint Ventures are carried at cost less impairment.

Investment in preference shares are classified as debt instruments and carried at Amortized cost if they are not convertible into equity instruments and are not held to collect contractual cash flows. Other Investment in preference shares which are classified as Debt instruments are mandatorily carried at Fair value through Profit & loss Account (FVTPL).

All investments in equity instruments other than as classified above under Financial Assets are initially carried at fair value. The Company has adopted to measure the fair value of equity instruments through FVTPL. Fair value changes on an equity instrument are recognized in the Statement of Profit & Loss.

Investments in equity instruments are classified as at FVTPL, unless the related instruments are not held for trading and the company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income.

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures. The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Company to track changes in credit risk. Rather, it recognises

impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss.

Financial Liabilities

Financial liabilities are recognized at fair value net of transaction costs and are subsequently held at amortized cost using the effective interest rate method. Financial liabilities carried at fair value through profit and loss are measured at fair value with changes in fair value recognized in the profit and loss account. Interest bearing bank loans are initially measured at fair value and subsequently measured at amortized cost using the effective interest rate method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

De-recognition of Financial Instruments

A Financial Asset is derecognized when the right to receive cash flows from the asset have expired or the company has transferred substantially all the risks and rewards or the right to receive the cash flows under a contractual arrangement or has transferred the asset.

A Financial Liability is derecognized when the obligation under the liability is discharged or cancelled or expires. In the case where the existing liability is replaced by another liability either from the same lender or otherwise such an exchange is treated as

de-recognition of the original liability and recognition of a new liability. Any change in the carrying amount of a liability is recognized in the Statement of Profit and Loss.

The Company has entered into certain forward contracts in respect of foreign currency risks. The gain or loss relating to the ineffective portion of the hedge is recognized immediately in the Statement of Profit and Loss.

2.10 Inventories and Work in Progress

Raw Materials, Construction Materials and Stores & Spares are valued at lower of weighted average cost or net realizable value. Cost includes direct material, Work Expenditure, Labour Cost and appropriate overheads excluding refundable duties and taxes.

Work in Progress is valued at contracted rates less profit margin / estimates.

2.11 Cash & Cash Equivalents

Cash and Cash Equivalents are short term highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of change in value and have maturities of three months or less.

2.12 Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources to settle the obligation in respect of which reliable estimate can be made as on the balance sheet date.

Contingent Liabilities are present obligations arising from a past event, when it is not probable / probability is remote that an outflow of resources will be required to settle the obligation and they are not recognized but are disclosed in the notes.

Contingent Assets are neither recognized nor disclosed in the financial statements except where it has become virtually certain that an inflow of economic benefit will arise, the asset and the related income are recognized in financial statements of the period in which the change occurs Provisions for Contingent Liabilities and Contingent Assets are reviewed at the end of Balance Sheet date.

2.13 Foreign Currency Transactions and Translation

The reporting currency of the company is Indian Rupee. Foreign Currency Transactions are translated at the functional currency spot rates prevailing on the date of transactions.

Monetary assets and current liabilities related to foreign currency transactions remaining unsettled are translated at the functional currency spot rates prevailing on the balance sheet date. The difference in translation of monetary assets and liabilities and realized gains and losses on foreign exchange transactions are recognized in the Statement of Profit and Loss.

Non-monetary foreign currency items are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

2.14 Employee Benefits

Payments to Defined Contribution schemes are charged as an expense as they fall due. Company's contribution to provident fund in respect of certain employees is made to a government administrated fund and charged as an expense to the Statement of Profit and Loss.

Liability for employee benefits, both short and long term, for present and past service which are due as per the terms of employment are recorded in accordance with Indian Accounting Standard 19 "Employee Benefits" issued by the Companies (Accounting Standard) Rules, 2015. Re-measurement gains /losses on post-employment defined benefits comprising gains/ losses is reflected immediately in the balance sheet with a charge or credit to other comprehensive income in the period in which it arises.

i) Gratuity

In accordance with the Payment of Gratuity Act, 1972 the Company provides for Gratuity covering eligible employees. The liability on account of Gratuity is provided on the basis of valuation of the liability by an independent actuary as at the year end.

ii) Provident Fund

In accordance with applicable local laws, eligible employees of the Company are entitled to receive benefits under the provident fund, a defined contribution plan to which both the employee and employer contributes monthly at a determined rate (currently up to 12% of an employee's salary). These contributions are either made to the respective Regional Provident Fund Commissioner, or the Central Provident Fund under the State Pension Scheme, and are recognized as expenses incurred.

iii) Compensated Absences

The employees are entitled to accumulate leave subject to certain limits, for future encashment and availment, as per the policy of the Company.

The liability towards such unutilized leave as at the end of each balance sheet date is determined based on independent actuarial valuation and recognized in the Statement of Profit and Loss.

2.15 Deferred Revenue Expenditure

Projects and other related expenditure incurred up to 31st March, 2018, the benefit of which is spread over more than one year is accounted as Project Promotion Expenses grouped under Other Advances and is amortized over the period in which benefits would be derived.

2.16 Leases

a) Finance Leases

Assets taken on finance lease are capitalized at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and interest cost, so as to obtain a constant periodic rate of interest on outstanding liability for each period.

b) Operating Leases

Operating Leases range from 11 months to 36 months and are usually cancellable / renewable by mutual consent on agreed terms. Further Lease payments under an operating lease are recognized as an expense in the Statement of Profit and Loss.

2.17 Earnings per Share (EPS)

In arriving at the EPS, the Company's Net Profit After Tax, is divided by the weighted average number of equity shares outstanding. The EPS thus arrived at is known as 'Basic EPS'. To arrive at the diluted EPS, the net profit after tax, referred above, is divided by the weighted average number of equity shares, as computed above and the weighted average number of equity share that could have been issued on conversion of shares having potential dilutive effect subject to the terms of issue of those potential shares. The date(s) of issue of such potential shares determine the amount of the weighted average number of potential equity shares.

2.18 Taxation

i) Current Tax

Provision for Current tax is made based on the liability computed in accordance with the relevant tax rates and provisions of Income Tax Act, 1961 as at the balance sheet date and any adjustments to taxes in respect of the previous years, penalties if any related to income tax are included in the current tax expense.

ii) Deferred Taxes

Deferred Tax is the tax expected to be payable or recoverable on differences between the carrying amount of the assets and liabilities for financial reporting purpose and the corresponding tax bases used in computation of taxable profit. Deferred tax assets are recognized and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such Deferred Tax Assets can be realized.

Current and deferred tax is recognized in profit or loss, except to the extent that it related to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

2.19 Commitments

Commitments are future liabilities for contractual expenditure.

Commitments are classified and disclosed as follows:

- a. Estimated amount of contracts remaining to be executed on capital account and not provided for;
- b. Uncalled liability on shares and other investments partly paid;
- c. Funding related commitment to subsidiary, associate and joint venture companies and
- d. Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

2.20 Operating cycle for current and non-current classification

Operating cycle for the business activities of the Company covers the duration of the specific project/contract including the defect liability period, wherever applicable and extends up to the realization of receivables (including retention monies) within the agreed credit period normally applicable to the respective lines of business.

2.21 Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit is adjusted for the effects of:

- i. transactions of a non-cash nature;
- ii. any deferrals or accruals of past or future operating cash receipts or payments;
- iii. items of income or expense associated from investing or financing cash flows; and

Cash and cash equivalents (including bank balances) are reflected as such in the Statement of Cash Flows.

2.22 Exceptional Items:

Items of income and expenditure within profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such items are disclosed separately as Exceptional Items.

2.23 Borrowing Cost

Borrowing costs net of any investment income from the temporary investment of related borrowings, that are attributable to the acquisition or construction of a qualifying asset are capitalized as part of cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

Borrowing costs include interest expense calculated using the effective interest method, finance charges in respect of assets acquired on finance lease and exchange differences arising on foreign currency borrowings to the extent they are regarded as an adjustment to interest costs.

2.24 Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2018 has notified the following new and amendments to Ind ASs which the Company has not applied as they are effective for annual periods beginning on or after April 1, 2018:

a) Ind AS 115 – Revenue from Contracts with Customers:

As per the amended rules, Ind AS 115 "Revenue from contracts with customers" supersedes Ind AS 11, "Construction contracts" and Ind AS 18, "Revenue" and is applicable for all accounting periods commencing on or after 1 April 2018.

Ind AS 115 introduces a new framework of five step model for the analysis of revenue transactions.

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligation in contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognize revenue when (or as) the entity satisfies a performance obligation

The model specifies that revenue should be recognised when (or as) an entity transfer control of goods or services to a customer at the amount to which the entity expects to be entitled. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The new revenue standard is applicable to the Company from 1 April 2018.

The standard permits two possible methods of transition:

- i. Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors
- ii. Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (cumulative catch - up approach)

The Company is evaluating the requirement of the amendment and the impact on the financial statements. The effect on adoption of Ind AS 115 is expected to be insignificant.

b) Ind AS 21 – The Effect of Changes in Foreign Exchange Rates

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration: On 28 March 2018, Ministry of Corporate Affairs (“MCA”) has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

The amendment will come into force from 1 April 2018. The Company is evaluating the requirement of the amendment and the impact on the financial statements. The effect on adoption of Ind AS 21 is expected to be insignificant.

31.1 Leases

Disclosure under Indian Accounting Standard – 17 “Leases”, issued by the Institute of Chartered Accountants of India.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognized as operating leases. Lease rentals under operating leases are recognized in the statement of profit and loss on a straight-line basis. The Company has taken various godown/office premises (including Furniture and Fittings if any) under lease and license agreements for periods which generally range between 11 months to 3 years. These arrangements are renewable by mutual consent on mutually agreed terms. Under some of these arrangements the Company has given refundable security deposits. The lease payments are recognized in the Statement of Profit and Loss under Rent, Rates and Taxes.

Assets taken on lease by the Company in its capacity as lessee, where the Company has substantially all the risks and rewards of ownership are classified as finance lease. Such a lease is capitalized at the inception of the

lease at lower of the fair value or the present value of the minimum lease payments and a liability is recognized for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

The Company has taken vehicles on financial lease from banks / Financial Institutions. The details of contractual payments under the agreement are as follows:

31.12 Capital Management

For the purpose of the Company’s capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The Company strives to safeguard its ability to continue as a going concern so that they can maximize returns for the shareholders and benefits for other stake holders. The aim is to maintain an optimal capital structure and minimize the cost of capital.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may return capital to

shareholders, issue new shares or adjust the dividend payment to shareholders (if permitted). Consistent with other entities in the industry, the Company monitors its capital using the gearing ratio which is net debt divided by total equity.

31.14 Financial risk management objectives and policies

The Company's activities expose it to a variety of financial risks like market risk, credit risk and liquidity risks. The Company's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Major financial instruments affected by market risk, includes loans and borrowings.

a. Interest rate risk

Majority of the Non-current (Long Term) borrowings of the Company bear fixed interest rate, thus interest rate risk is limited for the Company.

b. Foreign Currency Risk:

The Company's foreign Currency exposure i.e External Commercial Borrowings in US\$ is completely hedged and the details are as follows:

Particulars	Hedged/ Un-hedged	₹ in Lakhs			
		As At 31st March, 2018		As at 31st March, 2017	
		Foreign Currency USD	Rupee Equivalent	Foreign Currency USD	Rupee Equivalent
Amount payable in Foreign Currency:					
External Commercial Borrowings (ECB)	Un-hedged	Nil	Nil	Nil	Nil
	Hedged	127.58	7527.49	181.18	10,689.89
Foreign LC	Un-hedged	41.91	2,725.34	-	-

c. Equity Price Risks:

Majority of the Company's investments are made into non-listed equity securities. The Company's exposure into listed equity investments is very limited and the fair value of listed securities as at 31st March, 2018 was ₹ 113.25 Lakhs. Since the exposure into listed equity investments are very limited, the changes of equity securities price would not have a material effect on the profit or loss of the Company.

(ii) Credit risk management

Credit risk refers to the risk of default in its obligation by the counter party resulting in a financial loss. The maximum exposure of the financial assets is contributed by trade receivables, work-in-progress/ unbilled revenue, cash and cash equivalents and receivables from group companies.

Credit risk on trade receivables, work in progress/unbilled revenue is limited as the customers of the company mainly consist of the Government promoted entities, having strong credit worthiness. The company takes into account ageing of accounts receivables and the company's historical experience of the customers and financial conditions of the customers.

(iii) Liquidity Risk:

Liquidity Risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's management and finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by the senior management.

31.15 Pursuant to the introduction of the Goods and Service Tax (GST) w.e.f 1st July, 2017 all indirect taxes have got subsumed into GST. During the year, the company has executed various Construction Contracts/projects of NHAI /other state and central government Departments and in majority of the cases, the work orders for these contracts were issued under the erstwhile previous tax laws. The aforesaid government agencies/depts. are in the process of adopting a uniform billing system/policy for reimbursement of any additional burden on account of GST to the contractors. During the year, one of the government departments namely NHAI has issued a circular vide No NHAI/F&A/GST-2017-18/SM dated 04/10/2017, whereby it had agreed to reimburse the additional GST burden if any on the contracts, the company had filled the requisite documents before the NHAI for reimbursement of GST. The company has recognized impact of GST amount under other Current Assets as receivable.

31.16 The Company has earlier given interest bearing Inter-Corporate Deposits (ICDs) to non-related parties. Though the recovery of these ICDs is delayed during previous years, the company has recovered considerable amounts during the current year and the management is confident of recovering the balance amount in due course. In view of this, no provision for the same is required to be made during the year.

31.17 In the ordinary course of business, the Company has given advances to sub-contractors grouped under other current assets and the recovery of some of these advances got delayed due to reason that the corresponding contract works is yet to commence. In the opinion of the management, the said works for which advances are given have not commenced due

to certain extraneous factors and delay is not attributed to sub-contractor default/failure. In view of this, the management is confident to commence the works in near future and recover the advances from the sub-contractors. Therefore, the advances are considered as good and recoverable and hence no provision is made.

31.18 M/s. Sai Maatarani Tollways Limited (erstwhile 100% subsidiary company), is a special Purpose Vehicle (SPV) incorporated for the purpose of execution of the project "Four Laning of Panikoili-Rimuli section of NH-215. An amount of ₹ 224.94 crores as on 31.03.2018 is receivable from the said subsidiary company on account of additional cost incurred on the project in respect of EPC works executed by the company which is suitably considered by the said subsidiary company and requested the NHAI for additional financial support and as informed to the company, the proposal for additional financial support is reviewed and considered by the NHAI and hence, in the opinion of the management no provision is required to be provided in the books of accounts in respect of receivables amount and other amounts.

Independent Auditors' Report

To the Members of Gayatri Projects Limited

Report on the Consolidated Ind AS Financial Statements

We have audited the accompanying consolidated Ind AS financial statements of Gayatri Projects Limited ("the Holding Company") and its subsidiary (collectively referred to as "the Group"), its Associates and Joint Ventures, comprising of the Consolidated Balance Sheet as at 31st March 2018, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Cash Flows and the Consolidated Statement of changes in equity for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of the consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group, its associate and Joint Ventures in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Companies Act, 2013 (hereinafter referred to as "the Act") read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the group and of its associates, joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and its associates, joint ventures and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on the consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance

about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

We have audited the internal financial controls over financial reporting of Gayatri Projects Limited ("the Holding Company") and its subsidiary (collectively referred to as "the Group"), its Associates and Joint ventures as of 31st March 2018 in conjunction with our audit of the consolidated Ind AS financial statements of the holding company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company, its subsidiary company, associate companies and joint ventures are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company, subsidiary company, associate companies and joint ventures internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained

and the audit evidence obtained by the other auditors in terms of their reports referred in the other matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company its subsidiary company associates companies and joint venture companies, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

1. Significant Accounting Policies

1.1 (a) Compliance with Indian Accounting Standards (Ind AS)

The Group's Consolidated Financial statements have been prepared to comply with generally accepted accounting principles in accordance with the Indian Accounting Standards (herein after referred to as "Ind AS") as notified by the Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act 2013 ("the Act") read with rule 3 of the Companies (Indian Accounting Standards) Rules 2015 and Companies (Indian Accounting Standards) Amendments rules 2016.

1.2 a) Basis of Preparation and Presentation of Financial Statements

The Consolidated Financial Statements are prepared on accrual basis following the historical cost convention except in case of certain financial instruments which are measured at fair values. The Consolidated Balance Sheet and the Consolidated Statement of Profit and Loss are prepared and presented in the format prescribed under Schedule III to the Act. The Statement of Cash Flows has been prepared and presented as per the requirements of Indian Accounting Standard (Ind AS) - 7 on "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with other notes required to be disclosed under the notified Ind AS and the Listing Agreement. Further, the guidance notes/ announcements issued by the Institute of Chartered Accountants of India (ICAI) are also considered, wherever applicable except to the extent where compliance with other statutory promulgations viz. SEBI guidelines override the same requiring a different treatment. Accounting Policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to an existing Accounting Standard requires a change in the accounting policy used previously.

Fair value for measurement adopted in these financial statements is determined on such a basis, except leasing transactions that are within the scope of Ind AS 17, Net Realizable value as per Ind AS 2 or value in use as per Ind AS 36. Fair value measurements under Ind AS are categorized as below based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

- Level 3 inputs are unobservable inputs for the asset or liability.

b) Principles of Consolidation

The consolidated financial statements have been prepared on the following basis:

i. Investments in Subsidiaries:

The Financial Statements of the Company and its subsidiary companies have been consolidated on a line by line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses as per Indian Accounting Standard - 110 "Consolidated Financial Statements" issued by Institute of Chartered Accountants of India.

ii. Investments in Associates:

Investments in associate companies have been accounted for, by using equity method "Accounting for Investments in Associates in Consolidated Financial Statements, whereby investment is initially recorded at cost and the carrying amount is adjusted thereafter for post-acquisition change in the Company's share of net assets of the associate. The carrying amount of investment in associate companies is reduced to recognize any decline which is other than temporary in nature and such determination of decline in value, if any, is made for each investment individually. The unrealized profits/ losses on transactions with associate companies are eliminated by reducing the carrying amount of investment".

iii. Investments in Joint Ventures:

A Joint Venture is a joint arrangement whereby the parties that have joint control of the arrangement, have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

Investments in Joint Venture are accounted for using the equity method of accounting. The investment is initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the acquisition date. The Group's investment in joint ventures includes goodwill identified on acquisition.

iv. The financial statements are presented to the extent possible, in the same manner as the parent company's independent financial statements.

v. On acquisition of Investment in a joint venture or associate, any excess of cost over investment over the fair value of the assets & liabilities of the joint venture is recognized as goodwill and is included in the carrying value of the investment in the joint

venture and associate. The excess of fair value of assets and liabilities over the investment is recognized directly in equity as capital reserve.

Non-controlling interest represents that part of the total comprehensive income and net assets of subsidiaries attributable to interests which are not owned directly or indirectly by the parent company.

- a) Non-controlling interest in the net assets of consolidated subsidiaries consists of:
 - i) The amount of equity not attributable to owners of parent company at the date on which investment in a subsidiary is made; and
 - ii) The Non-controlling share of changes in the equity since the date the parent subsidiary relationship came into existence.
- b) Non-controlling interest in the net profit/(loss) for the year of consolidated subsidiaries is computed and adjusted against the net profit/(loss) after tax of the group.

Non-controlling interest in the net assets of the consolidated subsidiaries is identified and presented in the Consolidated Balance Sheet under the head Total Equity group.

1.3 Use of Estimates

The preparation of financial statements in conformity with Ind AS requires the management of the Group to make estimates and assumptions that affect the reported amounts of income and expenses of the period, the reported balances of assets and liabilities and the disclosures relating to contingent liabilities as on the date of the financial statements. Actual results may differ from these estimates. The Group evaluates these estimations and assumptions on a continuous basis based on the historical experience and other factors including expectation of future events believed to be reasonable. Examples of such estimates include the useful lives of tangible and intangible fixed assets, allowance for doubtful debts/advances, future obligations in respect of retirement benefit plans, estimation of costs as a proportion to the total costs, etc.,. Difference, if any, between the actual results and estimates is recognized in the period in which the results are known/ materialized. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material, are disclosed in the Notes to Accounts.

1.4 Revenue Recognition

A. Revenue from Operations

a. Revenue from Construction Activity:

- i) Income is recognized on fixed price construction contracts in accordance with the percentage of completion basis, which necessarily involve technical

estimates of the percentage of completion, and costs to completion, of each contract / activity, on the basis of which profits and losses are accounted. When the outcome of the contract is ascertained reliably, contract revenue is recognized at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed up to the date, to the total estimated contract costs

- ii) The stage of completion of contracts is measured by reference to the proportion that contract costs incurred for work performed up to the reporting date bear to the estimated total contract costs for each contract
- iii) Price escalation and other variations in the contract work are included in contract revenue only when:
 - a) Negotiations have reached at an advanced stage such that it is probable that customer will accept the claim and
 - b) The amount that is probable will be accepted by the customer and can be measured reliably.
- iv) Incentive payments, as per customer-specified performance standards, are included in contract revenue only when:
 - a) The contract has sufficiently advanced such that it is probable that the specified performance standards will be met; and
 - b) The amount of the incentive payment can be measured reliably.
- v) Contract Claims raised by the company which can be reliably measured and have reached an advanced stage of arbitration and claims pending in High courts have been recognized as income including eligible interest thereon.

b. Contract Revenue from supply of materials:

Revenue from supply of materials is recognized when substantial risks and rewards of ownership are transferred to the buyer and invoice for the same are raised.

c. Revenue receipts from Joint Venture Contracts

- i) In work sharing Joint Venture arrangements, revenues, expenses, assets and liabilities are accounted for in the Company's books to the extent work is executed by the Company.
- ii) In Jointly Controlled Entities, the share of profits or losses is accounted as and when dividend/ share of profit or loss are declared by the entities.

d. Other Operational Revenue:

- i) All other revenues are recognized only when collectability of the resulting receivable is reasonably assured.
- ii) Revenue is reported net of discounts, if any.

B. Other Income

- i) Interest income is accounted on accrual basis as per applicable interest rates and on time proportion basis taking into account the amount outstanding.
- ii) Dividend income is accounted in the year in which the right to receive the same is established.
- iii) Insurance claims are accounted for on cash basis.

1.5 (a) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost of acquisition, less accumulated depreciation thereon. Expenditure which are capital in nature are capitalized at cost, which comprise of purchase price (net of rebates and discounts), import duties, levies, financing costs and all other expenditure directly attributable to bringing the asset to its working condition for its intended use.

Any gain/loss on the disposal of the Property, Plant and Equipment is recognized in the Statement of Profit & Loss account and is determined as the difference between the sales proceeds and the carrying amount of the asset.

(b) Capital Work in Progress

Property, Plant and Equipment which are purchased but not yet installed and not ready for their intended use on the date of balance sheet are disclosed as "Capital Work-in-Progress". Cost of materials used in the process of erection/installation of an asset but not yet completed as on the reporting date are also disclosed as "Capital Work-in-Progress".

1.6 Depreciation and amortization

In respect of Property, Plant & Equipment (other than Land and Capital Work in Progress) depreciation / amortization is charged on a straight line basis over the useful lives as specified in Schedule II to the Companies Act 2013..

Assets individually costing ₹ 20,000/- or less and temporary structures are fully depreciated in the year of acquisition.

The residual values and useful lives are reviewed at the end of the reporting period.

1.7 Impairment of Non-Financial Assets

As at each Balance Sheet date, the Group assesses whether there is an indication that a non-financial asset

may be impaired and also whether there is an indication of reversal of impairment loss recognized in the previous periods. If any indication exists, or when annual impairment testing for an asset is required, the Group determines the recoverable amount and impairment loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

Recoverable amount is determined:

- In case of an individual asset, at the higher of the Assets' fair value less cost to sell and value in use; and
- In case of cash generating unit (a group of assets that generates identified, independent cash flows), at the higher of cash generating unit's fair value less cost to sell and value in use.
- In assessing Value in Use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specified with the asset. In determining fair value less cost to sell, recent market transactions are taken into account. If no such transaction can be identified, an appropriate valuation model is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the Statement of Profit and Loss, except for properties previously revalued with the revaluation taken to Other Comprehensive Income (OCI). For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation. When the Group considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through the Statement of Profit and Loss.

1.8 Financial Instruments

Financial Assets and Financial Liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial Assets and Financial Liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets and Financial Liabilities (other than Financial Assets and Financial Liabilities at fair value through profit or loss) are added to or deducted from the fair value of the Financial Assets or Financial Liabilities, as appropriate, on initial recognition.

1.9 Financial Assets

Financial Asset is any Asset that is -

- (a) Cash
- (b) Equity Instrument of another entity,
- (c) Contractual right to -

- i) receive Cash / another Financial Asset from another entity, or
- ii) exchange Financial Assets or Financial Liabilities with another Entity under conditions that are potentially favourable to the Entity.

Investment in Equity Shares issued by Subsidiary, Associate and Joint Ventures are carried at cost less impairment.

Investment in preference shares are classified as debt instruments and carried at Amortized cost if they are not convertible into equity instruments and are not held to collect contractual cash flows. Other Investment in preference shares which are classified as Debt instruments are mandatorily carried at Fair value through Profit & loss Account (FVTPL).

All investments in equity instruments other than as classified above under Financial Assets are initially carried at fair value. The Group has adopted to measure the fair value of equity instruments through FVPTL Fair value changes on an equity instrument are recognized in the Statement of Profit & Loss.

Investments in equity instruments are classified as at FVTPL, unless the related instruments are not held for trading and the company irrevocably elects on initial recognition to present subsequent changes in fair value in Other Comprehensive Income.

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

Impairment of Financial Assets

In accordance with Ind AS 109, the Group applies the expected credit loss ("ECL") model for measurement and recognition of impairment loss on financial assets and credit risk exposures. The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL. ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. Lifetime

ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss.

Financial Liabilities

Financial liabilities are recognized at fair value net of transaction costs and are subsequently held at amortized cost using the effective interest rate method. Financial liabilities carried at fair value through profit and loss are measured at fair value with changes in fair value recognized in the profit and loss account. Interest bearing bank loans are initially measured at fair value and subsequently measured at amortized cost using the effective interest rate method.

For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

De-recognition of Financial Instruments

A Financial Asset is derecognized when the right to receive cash flows from the asset have expired or the Group has transferred substantially all the risks and rewards or the right to receive the cash flows under a contractual arrangement or has transferred the asset.

A Financial Liability is derecognized when the obligation under the liability is discharged or cancelled or expired. In the case where the existing liability is replaced by another liability either from the same lender or otherwise such an exchange is treated as de-recognition of the original liability and recognition of a new liability. Any change in the carrying amount of a liability is recognized in the Statement of Profit and Loss.

The Group has entered into certain forward contracts in respect of foreign currency risks. The gain or loss relating to the ineffective portion of the hedge is recognized immediately in the Statement of Profit and Loss.

1.10 Inventories and Work in Progress

Raw Materials, Construction Materials and Stores & Spares are valued at lower of weighted average cost or net realizable value. Cost includes direct material, work expenditure, labour cost and appropriate overheads excluding refundable duties and taxes.

Work in Progress is valued at contracted rates less profit margin / estimates.

1.11 Cash & Cash Equivalents

Cash and Cash Equivalents are short term highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of change in value and have maturities of three months or less.

1.12 Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources to settle the obligation in respect of which reliable estimate can be made as on the balance sheet date.

Contingent Liabilities are present obligations arising from a past event, when it is not probable / probability is remote that an outflow of resources will be required to settle the obligation and they are not recognized but are disclosed in the notes.

Contingent Assets are neither recognized nor disclosed in the financial statements except where it has become virtually certain that an inflow of economic benefit will arise, the asset and the related income are recognized in financial statements of the period in which the change occurs. Provisions for Contingent Liabilities and Contingent Assets are reviewed at the end of Balance Sheet date.

1.13 Foreign Currency Transactions and Translation

The reporting currency of the Group is Indian Rupee. Foreign Currency Transactions are translated at the functional currency spot rates prevailing on the date of transactions.

Monetary assets and current liabilities related to foreign currency transactions remaining unsettled are translated at the functional currency spot rates prevailing on the balance sheet date. The difference in translation of monetary assets and liabilities and realized gains and losses on foreign exchange transactions are recognized in the Statement of Profit and Loss.

Non-monetary foreign currency items are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

1.14 Employee Benefits

Payments to Defined Contribution schemes are charged as an expense as they fall due. Company's provident fund in respect of certain employees is made to a government administrated fund and charged as an expense to the Statement of Profit and Loss.

Liability for employee benefits, both short and long term, for present and past service which are due as per the terms of employment are recorded in accordance with Indian Accounting Standard 19 "Employee Benefits" issued by the Companies (Accounting Standard) Rules, 2015. Re-measurement gains / losses on post-employment defined benefits comprising gains/ losses is reflected immediately in the balance sheet with a charge or credit to other comprehensive income in the period in which it arises.

i) Gratuity

In accordance with the Payment of Gratuity Act, 1972 the Group provides for Gratuity covering eligible

employees. The liability on account of Gratuity is provided on the basis of valuation of the liability by an independent actuary as at the year end.

ii) Provident Fund

In accordance with applicable local laws, eligible employees of the Group are entitled to receive benefits under the provident fund, a defined contribution plan to which both the employee and employer contributes monthly at a determined rate (currently up to 12% of an employee's salary). These contributions are either made to the respective Regional Provident Fund Commissioner, or the Central Provident Fund under the State Pension Scheme, and are recognized as expenses incurred.

iii) Compensated Absences

The employees are entitled to accumulate leave subject to certain limits, for future encashment and availment, as per the policy of the Group.

The liability towards such unutilized leave as at the end of each balance sheet date is determined based on independent actuarial valuation and recognized in the Statement of Profit and Loss.

1.15 Deferred Revenue Expenditure

Projects and other related expenditure incurred up to 31st March, 2018, the benefit of which is spread over more than one year is accounted as Project Promotion Expenses grouped under Other Advances and is amortized over the period in which benefits would be derived.

1.16 Leases

a) Finance Lease

Assets taken on finance lease are capitalized at the inception of the lease at the lower of the fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and interest cost, so as to obtain a constant periodic rate of interest on outstanding liability for each period.

b) Operating Leases

Operating Leases range from 11 months to 36 months and are usually cancellable / renewable by mutual consent on agreed terms. Further Lease payments under an operating lease are recognized as an expense in the Statement of Profit and Loss.

1.17 Earnings per Share (EPS)

In arriving at the EPS, the Group's Net Profit After Tax, is divided by the weighted average number of equity shares outstanding. The EPS thus arrived at is known as 'Basic EPS'. To arrive at the diluted EPS, the net profit after tax, referred above, is divided by the weighted average number of equity shares, as computed above and the weighted average number of equity share that could have been issued on conversion of shares having potential dilutive effect subject to the terms of issue of those potential shares. The date(s) of issue of such potential shares

determine the amount of the weighted average number of potential equity shares.

1.18 Taxation

i) Current Tax

Provision for Current tax is made based on the liability computed in accordance with the relevant tax rates and provisions of Income Tax Act, 1961 as at the balance sheet date and any adjustments to taxes in respect of the previous years, penalties if any related to income tax are included in the current tax expense.

ii) Deferred Taxes

Deferred Tax is the tax expected to be payable or recoverable on differences between the carrying amount of the assets and liabilities for financial reporting purpose and the corresponding tax bases used in computation of taxable profit. Deferred tax assets are recognized and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such Deferred Tax Assets can be realized.

Current and deferred tax is recognized in profit or loss, except to the extent that it related to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

1.19 Commitments

Commitments are future liabilities for contractual expenditure.

Commitments are classified and disclosed as follows:

- a. Estimated amount of contracts remaining to be executed on capital account and not provided for;
- b. Uncalled liability on shares and other investments partly paid;
- c. Funding related commitment to subsidiary, associate and joint venture companies and
- d. Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

1.20 Operating cycle for current and non-current classification

Operating cycle for the business activities of the Group covers the duration of the specific project/contract including the defect liability period, wherever applicable and extends up to the realization of receivables (including

retention monies) within the agreed credit period normally applicable to the respective lines of business.

1.21 Statement of Cash Flows

Statement of Cash Flows is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit is adjusted for the effects of:

- i. transactions of a non-cash nature;
- ii. any deferrals or accruals of past or future operating cash receipts or payments; and
- iii. items of income or expense associated from investing or financing cash flows.

Cash and cash equivalents (including bank balances) are reflected as such in the Statement of Cash Flows

1.22 Exceptional Items:

Items of income and expenditure within profit and loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the Group for the period, the nature and amount of such items are disclosed separately as Exceptional Items.

1.23 Borrowing Cost

Borrowing costs net of any investment income from the temporary investment of related borrowings that are attributable to the acquisition or construction of a qualifying asset are capitalized as part of cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Statement of Profit and Loss in the period in which they are incurred.

Borrowing costs include interest expense calculated using the effective interest method, finance charges in respect of assets acquired on finance lease and exchange differences arising on foreign currency borrowings to the extent they are regarded as an adjustment to interest costs.

1.24 Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2018 has notified the following new and amendments to Ind ASs which the Company has not applied as they are effective for annual periods beginning on or after April 1, 2018:

a) Ind AS 115 – Revenue from Contracts with Customers:

As per the amended rules, Ind AS 115 "Revenue from contracts with customers" supersedes Ind AS 11, "Construction contracts" and Ind AS 18, "Revenue" and is applicable for all accounting periods commencing on or after 1 April 2018.

Ind AS 115 introduces a new framework of five step model for the analysis of revenue transactions.

Step 1: Identify the contract(s) with a customer

Step 2: Identify the performance obligation in contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognize revenue when (or as) the entity satisfies a performance obligation

The model specifies that revenue should be recognised when (or as) an entity transfer control of goods or services to a customer at the amount to which the entity expects to be entitled. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. The new revenue standard is applicable to the Company from 1 April 2018.

The standard permits two possible methods of transition:

- i. Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors
- ii. Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (cumulative catch - up approach)

The Company is evaluating the requirement of the amendment and the impact on the financial statements. The effect on adoption of Ind AS 115 is expected to be insignificant.

b) Ind AS 21 – The Effect of Changes in Foreign Exchange Rates

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration: On 28 March 2018, Ministry of Corporate Affairs (“MCA”) has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

The amendment will come into force from 1 April 2018. The Company is evaluating the requirement of the amendment and the impact on the financial statements. The effect on adoption of Ind AS 21 is expected to be insignificant.

31.1 Leases

Disclosure under Indian Accounting Standard – 17 “Leases”, issued by the Institute of Chartered Accountants of India.

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor, are recognized as operating leases. Lease rentals under operating leases are recognized in the statement of profit and loss on a straight-line basis. The Group has taken various godown/office premises (including Furniture and Fittings if any) under lease and license agreements for periods which generally range between 11 months to 3 years. These arrangements are renewable by mutual consent on mutually agreed terms. Under some of these arrangements the Group has given refundable security deposits. The lease payments are recognized in the Statement of Profit and Loss under Rent, Rates and Taxes.

Assets taken on lease by the Group in its capacity as lessee, where the Group has substantially all the risks and rewards of ownership are classified as finance lease. Such a lease is

capitalized at the inception of the lease at lower of the fair value or the present value of the minimum lease payments and a liability is recognized for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost so as to obtain a constant periodic rate of interest on the outstanding liability for each year.

The Group has taken vehicles on financial lease from banks / Financial Institutions. The details of contractual payments under the agreement are as follows:

31.10 Capital management

For the purpose of the Group's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Group. The Group strives to safeguard its ability to continue as a going concern so that they can maximize returns for the shareholders and benefits for other stake holders. The aim is to maintain an optimal capital structure and minimize the cost of capital.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may return capital to shareholders, issue new shares or adjust the dividend payment to shareholders (if permitted). Consistent with other entities in the industry, the Group monitors its capital using the gearing ratio which is total net debt divided by total capital.

31.12 Financial risk management objectives and policies

The Group's activities expose it to a variety of financial risks like market risk, credit risk and liquidity risks. The Group's focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Major financial instruments which are affected by market risk include loans and borrowings.

a. Interest rate risk

Majority of the Non-current (Long Term) borrowings of the Group bear fixed interest rate, thus interest rate risk is limited for the Group.

b. Foreign Currency Risk:

The Group's foreign Currency exposure i.e External Commercial Borrowings in US\$ is completely hedged and the details are as follows:

₹ in Lakhs

Particulars	Hedged/ Un-hedged	As At 31st March, 2018		As at 31st March, 2017	
		Foreign Currency USD	Rupee Equivalent	Foreign Currency USD	Rupee Equivalent
Amount payable in Foreign Currency:					
External Commercial Borrowings (ECB)	Un-hedged	Nil	Nil	Nil	Nil
	Hedged	127.58	7527.49	181.18	10,689.89
Foreign LC	Un-hedged	41.91	2,725.34	-	-

c. Equity Price Risks:

Majority of the Group's investments are made into non-listed equity securities. The Group's exposure into listed equity investments is very limited and the fair value of listed securities as at 31st March, 2018 was ₹113.25 Lakhs. Since the exposure into listed equity investments are very limited, the changes of equity securities price would not have a material effect on the profit or loss of the Group.

(ii) Credit risk management

Credit risk refers to the risk of default in its obligation by the counterparty resulting in a financial loss. The maximum exposure of the financial assets is contributed by trade receivables, unbilled work-in-progress, cash and cash equivalents and receivables from group companies.

Credit risk on trade receivables, work in progress is limited as the customers of the Group mainly consist of the Government promoted entities, having strong credit worthiness. The company takes into account ageing of accounts receivables and the company's historical experience of the customers and financial conditions of the customers.

(iii) Liquidity Risk:

Liquidity Risk is defined as the risk that the Group will not be able to settle or meet its obligations on time or at a reasonable price. The Group's management and finance department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by the senior management.

The following are the details regarding contractual maturities of Significant Financial Liabilities:

31.13 Pursuant to the introduction of the Goods and Service Tax (GST) w.e.f 1st July, 2017 all indirect taxes have got subsumed into GST. During the year, the company has executed various Construction Contracts/projects of NHAI /other state and central government Departments and in majority of the cases, the work orders for these contracts were issued under the erstwhile previous tax laws. The aforesaid government agencies/depts. are in the process of adopting a uniform billing system/policy for reimbursement of any additional burden on account of GST to the contractors. During the year, one of the government departments namely NHAI has issued a circular vide No NHAI/F&A/GST-2017-18/SM dated 04/10/2017, whereby it had agreed to reimburse the additional GST burden if any on the contracts, the company had filled the requisite documents before the NHAI for reimbursement of GST. The company has recognized impact of GST amount under other Current Assets as receivable.

31.14 The Company has earlier given interest bearing Inter-Corporate Deposits (ICDs) to non-related parties. Though the recovery of these ICDs is delayed during previous years, the company has recovered considerable amounts during the current year and the management is confident of recovering the balance amount in due course. In view of this, no provision for the same is required to be made during the year.

31.15 In the ordinary course of business, the Company has given advances to sub-contractors grouped under other current assets and the recovery of some of these advances got delayed due to reason that the corresponding contract works is yet to commence. In the opinion of the management, the said works for which advances are given have not commenced due to certain extraneous factors and delay is not attributed to sub-contractor default/failure. In view of this, the management is confident to commence the works in near future and recover the advances from the sub-contractors. Therefore, the advances are considered as good and recoverable and hence no provision is made.

31.16 M/s. Sai Maatarani Tollways Limited (erstwhile 100% subsidiary company), is a special Purpose Vehicle (SPV) incorporated for the purpose of execution of the project "Four Laning of Panikoili-Rimuli section of NH-215. An amount of ₹ 224.94 crores as on 31.03.2018 is receivable from the said subsidiary company on account of additional cost incurred on the project in respect of EPC works executed by the company which is suitably considered by the said subsidiary company and requested the NHAI for additional financial support and as informed to the company, the proposal for additional financial support is reviewed and considered by the NHAI and hence, in the opinion of the management no provision is required to be provided in the books of accounts in respect of receivables amount and other amounts.

31.17 During the current financial year, pursuant to various agreements between the subsidiary company, Sembcorp Gayatri Power Ltd (SGPL), Sembcorp Utilities Pte. Ltd (SUL), Sembcorp Energy India Ltd (SEIL) & NCC Infra Holding Ltd (NCCIHL) for the reorganization of SembCorp group's power portfolio in India and to consolidate its beneficial holdings in SGPL, the subsidiary company had undertaken the following transactions :

- a) Purchase of 34,57,52,370 shares held by NCCIHL in Sembcorp Gayatri Power Limited (SGPL) @ ₹ 8.225 per share total amounting ₹ 28,543.97 Lakhs and discharge of the same by issuing 16,19,128 Number of 0.01% Compulsorily Convertible Debentures at face value 1483 per debenture amounting to ₹ 24,023.53 Lakhs and balance of ₹ 4,519.44 Lakhs to be paid by cash
- b) Further by the way of a separate tripartite agreement the company had agreed to sell its stake in NCCIHL of ₹ 5,605.88 Lakhs to NCCL for ₹ 4,519.43 Lakhs so as to discharge the balance payable by the company to NCCIHL.
- c) Subsequently the company vide a separate agreement sold its shares in SGPL of ₹ 28,542.97 Lakhs to SEIL for ₹ 15,386.66 Lakhs and the consideration for the same was discharged by SEIL by it allotting 8,18,37,799 shares @ ₹ 18.80 (Rounded off)

The above transactions along with the reorganization of Sembcorp group power portfolio has significantly increased the fair value of the investments of the company held in SEIL and the gain on account of such fair valuation was recorded by the company during the year.

31.18 The subsidiary company had entered into a onetime settlement with IFCL, pursuant to which gain on waiver of interest due and coupon return due were accounted.

31.19 During the previous financial years, the subsidiary company had made various investments in power project companies by way of investment in equity shares, share application money, advance for purchase of equity shares. Further, the subsidiary company had entered into an exit agreement dated 25th May 2013 with the said companies, which

was duly amended by various letters/agreements from time to time and as per the latest letter/agreement dated 31st October 2016, the subsidiary company shall exit from these Companies by 31st October 2018. As the management is confident of recovery of the amounts invested in the said project companies, no provision/impairment is made in the current year.

31.20 During the previous financial years the subsidiary company in pursuance of Master Shareholders agreement entered into by the subsidiary company, Sembcorp Utilities PTE Ltd, Thermal Power Corporation India Limited and Sembcorp Gayatri Private Limited, the subsidiary company has paid call option fee of ₹ 2,125.56 Lakhs to Sembcorp Utilities PTE Ltd.

31.21 Mobilization advance to sub-contractors represent work advance given to a subcontractor wherein the corresponding contract works are yet to commence. In the opinion of the management of the subsidiary company, the said contract works have not commenced due to certain extraneous factors beyond the control of such sub-contractors and without any default/ failure of performance from their end. The management is confident to commence the works in near future and recover the said advance.

31.22 During the preceding financial years, the stepdown-sub subsidiary company had given Contract Advance of ₹ 2,157.05 Lakhs, wherein the corresponding contract works are yet to commence. In the opinion of the management of the stepdown-sub subsidiary company, the said contract works are yet to commence due to extraneous factors beyond the control of such sub-contractor default/failure. However, the management of the stepdown-sub subsidiary company is confident that all issues concerning the project will be resolved at the earliest and accordingly the contract works would commence shortly resulting in recovery of the said advance.

31.23 Previous year figures are regrouped / reclassified to match with the current year presentation.

31.24 All amounts are rounded off to nearest Lakhs.
